Network agreements

Network providers (also called in-network providers) agree to accept an agreed-upon amount as payment in full. Your policy explains your share of the cost of services rendered by network providers. The plan may include a deductible, a set amount (copay), and a percent of the costs (coinsurance).

When you go to an in-network provider:

- The amount you pay is based on the agreed-upon amount.
- The provider can't "balance bill" you for charges greater than that amount.
- There are primary care physician (PCP) selection requirements and specialist referral requirements.
- Primary care physician (PCP) referral is not required for network obstetrician, chiropractor, podiatrist, dermatologist, and gynecologist services.

When you go to an out-of-network provider:

- There is no coverage for out-of-network providers, except for emergency care as defined in your policy.
