Employee enrollment

The *employee* must enroll, as agreed to by the *policyholder* and *us*, within 31 days of the *employee's* *eligibility date* or within the time period specified in the "Special enrollment" provision.

The *employee* is a *late applicant* if enrollment is requested more than 31 days after the *employee's* *eligibility date* or later than the time period specified in the "Special enrollment" provision. A *late applicant* must wait to enroll for coverage during the *open enrollment period*, unless the *late applicant* becomes eligible for special enrollment as specified in the "Special enrollment" provision.

5. Eligibility (continued)

We reserve the right to require an eligible *employee* to submit evidence of health status. No eligible *employee* will be refused enrollment or charged a different premium than other *group* members based on *health status-related factors*. We will administer this provision in a non-discriminatory manner.

Dependent enrollment

If electing *dependent* coverage, the *employee* must enroll eligible *dependents*, as agreed to by the *policyholder* and *us*, within 31 days of the *dependent's eligibility date* or within the time period specified in the "Special enrollment" provision.

We reserve the right to require an eligible *dependent* to submit evidence of health status. No eligible *employee* will be refused enrollment or charged a different premium than other *group* members based on *health status-related factors*. We will administer this provision in a non-discriminatory manner.

Newborn and adopted dependent enrollment

A newborn *dependent* will be automatically covered from the date of birth to 31 days of age for *bodily injury* or *sickness* to include all *medically necessary* care and treatment of congenital defects and birth abnormalities. An adopted *dependent* will be automatically covered from the date of adoption or placement of the child for the purpose of adoption, whichever occurs first, for 31 days.

If additional premium is not required to add additional *dependents* and if *dependent* child coverage is in force as of the newborn's date of birth in the case of newborn *dependents* or the earlier of the date of adoption or placement of the child for purposes of adoption in case of adopted *dependents*, coverage will continue beyond the initial 31 days. You must notify *us* to make sure *we* have accurate records to administer benefits.

If premium is required to add *dependents* you must enroll the *dependent* child and pay the additional premium within 31 days:

Any child born to *you* is covered for 31 days from the date of birth for *bodily injury* or *sickness* to include all *medically necessary* care and treatment of congenital defects and birth abnormalities.

If enrollment is requested more than 31 days after the date of birth, date of adoption or placement for the purpose of adoption, and additional premium is required, the *dependent* is a *late applicant*. A *late applicant* must wait to enroll for coverage during the *open enrollment period*, unless the *late applicant* becomes eligible for special enrollment as specified in the "Special enrollment" provision.

An *employee*, who is otherwise eligible for coverage and had waived coverage under the *policy* when eligible, can enroll himself/herself and eligible *dependents* during the special enrollment.

The *employee* or *dependent* is a *late applicant* if enrollment is requested later than the time period specified above. A *late applicant* must wait to enroll for coverage during the *open enrollment period*.

Open enrollment

Eligible *employees* or *dependents*, that do not enroll for coverage under the *policy* following their *eligibility date* or *special enrollment date*, have an opportunity to enroll for coverage during the *open enrollment period*. The *open enrollment period* is also the opportunity for *late applicants* to enroll for coverage.

5. Eligibility (continued)

Eligible *employees* or *dependents*, including *late applicants*, must request enrollment during the *open enrollment period*. If enrollment is requested after the *open enrollment period*, the *employee* or *dependent* must wait to enroll for coverage during the next *open enrollment period*, unless they become eligible for special enrollment as specified in the "Special enrollment" provision.

Effective date

The provisions below specify the *effective date* of coverage for *employees* or *dependents* if enrollment is requested within 31 days of their *eligibility date* or within the time period specified in the "Special enrollment" provision. If enrollment is requested during an *open enrollment period*, the *effective date* of coverage is specified in the "Open enrollment effective date" provision.

The *special enrollment date* is the *effective date* of coverage for the *dependent* who requests enrollment within the time period specified in the "Special enrollment" provision. The *dependent effective dates* specified in this provision apply to a *dependent* who is not a *late applicant*.

In no event will the *dependent's effective date* of coverage be prior to the *employee's effective date* of coverage.

Newborn and adopted dependent effective date

A newborn *dependent* of the *employee* will be covered automatically from the date of birth to 31 days of age. An adopted *dependent* will be covered automatically from the date of adoption or placement of the child for the purpose of adoption, whichever occurs first, for 31 days.

The *effective date* of coverage for a newborn *dependent* is the date of birth if the newborn is not a *late applicant*. The newborn *dependent* will not be considered a *late applicant* if enrollment for coverage beyond the initial 31 days is requested within 31 days of the date of birth.

5. Eligibility (continued)

The adopted *dependent* will not be considered a *late applicant* if enrollment for coverage beyond the initial 31 days is requested within 31 days of the date of adoption or date of placement for the purpose of adoption.

Premium is due within 31 days for *dependent* coverage whether or not the *dependent* is subsequently enrolled to continue coverage beyond the first 31 days. Additional premium may not be required when *dependent* coverage is already in force.

Open enrollment effective date

The *effective date* of coverage for an *employee* or *dependent*, including a *late applicant*, who requests enrollment during an *open enrollment period*, is the first day of the *policy* year as agreed to by the *policyholder* and *us*.

Retired employee coverage

Retired employee eligibility date

Retired *employees* are an eligible class of *employees* if requested on the Employer Group Application and if approved by *us*. An *employee* who retires while insured under the *policy* is considered eligible for retired *employee* medical coverage on the date of retirement if the eligibility requirements stated in the Employer Group Application are satisfied.

Retired employee enrollment

The *employer* must notify *us* of the *employee's* retirement within 31 days of the date of retirement. If *we* are notified more than 31 days after the date of retirement, the retired *employee* is a *late applicant*. A *late applicant* must wait to enroll for coverage during the *open enrollment period*, unless the *late applicant* becomes eligible for special enrollment as specified in the "Special enrollment" provision.

Retired employee effective date

The *effective date* of coverage for an eligible retired *employee* is the date of retirement for an *employee* who retires after the date *we* approve the *employer's* request for a retiree classification, provided *we* are notified within 31 days of the retirement. If *we* are notified more than 31 days after the date of retirement, the *effective date* of coverage for the *late applicant* is the date *we* specify.

6. How to Access Your Services and Obtain Approval of Benefits (Applicable to managed care plans)

As you read the *certificate*, you will see some words are printed in italics. Italicized words may have different meanings in the *certificate* than in general. Please check the "Definitions" sections for the meaning of the italicized words as they apply to *your* plan.

The *certificate* gives you information about *your* plan. It tells you what is covered and what is not covered. It also tells you what you must do and how much you must pay for services. *Your* plan covers many services, but it is important to remember it has limits. Be sure to read *your certificate* carefully before using *your* benefits.

Essential health benefits

This *certificate* does not apply annual dollar limits or lifetime dollar limits to *covered expenses* that are *essential health benefits*.

Covered and non-covered expenses

We will provide coverage for services, equipment and supplies that are *covered expenses*. All requirements of the *policy* apply to *covered expenses*.

The date used on the bill we receive for *covered expenses* or the date confirmed in *your* medical records is the date that will be used when *your claim* is processed to determine the benefit period.

You must pay the health care provider any amount due that we do not pay. Not all services and supplies are a *covered expense*, even when they are ordered by a *health care practitioner*.

Refer to the "Schedule of Benefits (Who Pays What)," the "Benefits/Coverage (What is Covered)" and the "Limitations/Exclusions (What is Not Covered)" sections and any amendment attached to the *certificate* to see when services or supplies are *covered expenses* or are non-covered expenses.

Prospective review determination

For pre-service claims, we will provide notice of a favorable or *adverse benefit determination* within a reasonable time appropriate to the medical circumstances but no later than fifteen (15) days after the plan receives the claim.

Retrospective review determination

For post-service claims, we will provide notice of a favorable or *adverse benefit determination* within a reasonable time appropriate to the medical circumstances but no later than 30 days after the plan receives the claim.

6. How to Access Your Services and Obtain Approval of Benefits (Applicable to managed care plans) (continued)

How to use your plan

You may receive services from a *qualified provider* without a referral. Refer to the "Schedule of Benefits (Who Pays What)" for any *preauthorization* requirements.

Seeking emergency care

If you need *emergency care*, go to the nearest emergency facility.

You may call 911 or your local emergency telephone number if you are confronted with a life or limb threatening emergency.

You, or someone on your behalf, must call us within 48 hours after your admission to a hospital for emergency medical condition. If your condition does not allow you to call us within 48 hours after your admission, contact us as soon as your condition allows.

Seeking urgent care

If you need *urgent care*, go to the nearest *urgent care center* or call an *urgent care qualified provider*.

Our relationship with qualified providers

Qualified providers are not our agents, employees or partners. All providers are independent contractors. *Qualified providers* make their own clinical judgments or give their own treatment advice without coverage decisions made by us.

The *policy* will not change what is decided between you and *qualified providers* regarding your medical condition or treatment options. *Qualified providers* act on your behalf when they order services. You and your *qualified providers* make all decisions about your health care, no matter what we cover. We are not responsible for anything said or written by a *qualified provider* about *covered expenses* and/or what is not covered under this *certificate*. Call our customer service department at the telephone number listed on your ID card if you have any questions.

The certificate

The *certificate* is part of the insurance *policy* and tells you what is covered, and not covered and the requirements of the *policy*. Nothing in the *certificate* takes the place of or changes any of the terms of the *policy*. The final interpretation of any provision in the *certificate* is governed by the *policy*. Restrictions on choice of providers

If we determine you are using *prescription* drugs in a potentially abusive, excessive, or harmful manner, we may restrict your coverage of *pharmacy* services in one or more of the following ways:

- By restricting your choice of *pharmacy* to a single *pharmacy* store or physical location for *pharmacy* services;

About our drug list

Prescription drugs, medicines or medications, including *specialty drugs* and *self-administered injectable drugs* prescribed by *health care practitioners* and covered by us are specified on *our* printable *drug list*. The *drug list* identifies categories of drugs, medicines or medications by levels and indicates *dispensing limits*, *specialty drug* designation, any applicable *prior authorization* and/or *step therapy* requirements. This information is reviewed on a regular basis by a Pharmacy and Therapeutics committee made up of physicians and *pharmacists*. Placement on the *drug list* does not guarantee your *health care practitioner* will prescribe that *prescription* drug, medicine or medication for a particular medical condition. You can obtain a copy of *our drug list* by visiting *our* website at www.humana.com or calling the customer service telephone number on your ID card.

7. Benefits/Coverage (What is Covered) (continued)

Access to medically necessary contraceptives

In addition to *preventive services*, contraceptives on *our drug list* and non-formulary contraceptives may be covered at no *cost share* when *your health care practitioner* contacts *us*. We will defer to the *health care practitioner's* recommendation that a particular method of contraception or FDA-approved contraceptive is determined to be *medically necessary*. The *medically necessary* determination made by *your health care practitioner* may include severity of side effects, differences in permanence and reversibility of contraceptives, and ability to adhere to the appropriate use of the contraceptive item or service.

Access to non-formulary drugs

A drug not included on *our drug list* is a non-formulary drug. If a *health care practitioner* prescribes a clinically appropriate non-formulary drug, *you* can request coverage of the non-formulary drug through a standard exception request or an expedited exception request. If *you* are dissatisfied with *our* decision of an exception request, *you* have the right to an external review as described in the "Non-formulary drug exception request external review" provision of this section.

Non-formulary drug standard exception request

A standard exception request for coverage of a clinically appropriate non-formulary drug may be initiated by *you*, *your* appointed representative or the prescribing *health care practitioner* by calling the customer service number on *your* ID card, in writing or *electronically* by visiting *our* website at www.humana.com. We will respond to a standard exception request no later than 72 hours after the receipt date of the request.

As part of the standard exception request, the prescribing *health care practitioner* should include an oral or written statement that provides justification to support the need for the prescribed non-formulary drug to treat the *covered person's* condition, including a statement that all covered drugs on the *drug list* on any tier:

- Will be or have been ineffective;
- Would not be as effective as the non-formulary drug; or
- Would have adverse effects.

If we grant a standard exception request to cover a prescribed, clinically appropriate non-formulary drug, we will cover the prescribed non-formulary drug for the duration of the *prescription*, including refills. Any applicable *cost share* for the *prescription* will apply toward the *out-of-pocket limit*.

If we deny a standard exception request, *you* have the right to an external review as described in the "Non-formulary drug exception request external review" provision of this section.

7. Benefits/Coverage (What is Covered) (continued)

Non-formulary drug expedited exception request

An expedited exception request for coverage of a clinically appropriate non-formulary drug based on exigent circumstances may be initiated by *you*, *your* appointed representative or *your* prescribing *health care practitioner* by calling the customer service number on *your* ID card, in writing or *electronically* by visiting *our* website at www.humana.com. We will respond to an expedited exception request within 24 hours of receipt of the request. An exigent circumstance exists when a *covered person* is:

- Suffering from a health condition that may seriously jeopardize their life, health or ability to regain maximum function; or
- Undergoing a current course of treatment using a non-formulary drug.

As part of the expedited review request, the prescribing *health care practitioner* should include an oral or written:

- Statement that an exigent circumstance exists and explain the harm that could reasonably be expected to the *covered person* if the requested non-formulary drug is not provided within the timeframes of the standard drug exception request; and
- Justification supporting the need for the prescribed non-formulary drug to treat the *covered person's* condition, including a statement that all covered drugs on the *drug list* on any tier:
 - Will be or have been ineffective;
 - Would not be as effective as the non-formulary drug; or
 - Would have adverse effects.

If we grant an expedited exception request to cover a prescribed, clinically appropriate non-formulary drug based on exigent circumstances, we will provide access to the prescribed non-formulary drug:

- Without unreasonable delay; and
- For the duration of the exigent circumstance.

Any applicable *cost share* for the *prescription* will apply toward the *out-of-pocket limit*.

If we deny an expedited exception request, *you* have the right to an external review as described in the "Non-formulary drug exception request external review" provision of this section.

Non-formulary drug exception request external review

You, *your* appointed representative or *your* prescribing *health care practitioner* have the right to external review by an independent review organization if we deny a non-formulary drug standard or expedited exception request. To request an external review, refer to the exception request decision letter for instructions or call the customer service number on *your* ID card for assistance.

7. Benefits/Coverage (What is Covered) (continued)

Step therapy requirement exception request

When step therapy is required for a *prescription* drug, an exception for any clinically appropriate *prescription* drug included on the *drug list* can be requested by *you* or *your* appointed representative. The *step therapy* exception request should be made using the *prior authorization* form available on *our* website at www.humana.com or call the customer service telephone number on *your* ID card.

A drug approved by the U.S. Food and Drug Administration and included on *our drug list* will not be subject to *step therapy* for a *covered person* with stage four advanced metastatic cancer if the use of the drug is consistent with:

- The U.S. Food and Drug Administration approved indication or the National Comprehensive Cancer Network Drugs and Biologics Compendium indication for the treatment of stage four advanced metastatic cancer; or
- Peer-reviewed medical literature.

From the time a *step therapy* exception request is received by *us*, *we* will either approve or deny the request within:

- 24 hours for an expedited request.
- 72 hours for a standard request.

We will approve a step therapy requirement exception request if:

- The required *prescription* drug is contraindicated; or
- *You* have tried the required *prescription* drug and the *health care practitioner* submits evidence of failure or intolerance.

If *we* deny an exception request, *we* will provide to *you*, *your authorized representative* or *your* prescribing *health care practitioner* the reason for the denial, an alternative covered medication, and *your* right to appeal *our* decision as outlined in the "Appeals and Complaints" section in this *certificate*.

- Any portion of a *prescription* fill or refill that exceeds a 90-day supply when received from a *mail order pharmacy* or a retail *pharmacy* that participates in *our* program, which allows *you* to receive a 90-day supply of a *prescription* fill or refill. This exclusion does not apply to a *prescription* fill or refill for up to a 12-month supply of contraceptives.
- Any portion of a *prescription* fill or refill that exceeds a 30-day supply when received from a retail *pharmacy* that does not participate in *our* program, which allows *you* to receive a 90-day supply of a *prescription* fill or refill. This exclusion does not apply to a *prescription* fill or refill for up to a 12-month supply of contraceptives.
- Any portion of a *specialty drug prescription* fill or refill that exceeds a 30-day supply, unless otherwise determined by *us*.
- Any portion of a *prescription* fill or refill that:
 - Exceeds *our* drug-specific *dispensing limit*;
 - Is dispensed to a *covered person*, whose age is outside the drug-specific age limits defined by *us*;
 - Is refilled early, as defined by *us*, except for *prescription* refills of a topical ophthalmic product when the product is written for additional fills; or
 - Exceeds the duration-specific *dispensing limit*.

8. Limitations/Exclusions (What is Not Covered) (continued)

- Any drug for which *we* require *prior authorization* or *step therapy* and it is not obtained by the prescribing *health care practitioner*.
- Any drug for which a charge is customarily not made.
- Any drug, medicine or medication received by *you*:
 - Before becoming covered; or
 - After the date *your* coverage has ended.
- Any costs related to the mailing, sending or delivery of *prescription* drugs.
- Any intentional misuse of this benefit, including *prescriptions* purchased for consumption by someone other than *you*.
- Any *prescription* fill or refill for drugs, medicines or medications that are lost, stolen, spilled, spoiled, or damaged.
- Drug delivery implants and other implant systems or devices.
- Treatment for onychomycosis (nail fungus).
- Any amount *you* paid for a *prescription* that has been filled, regardless of whether the *prescription* is revoked or changed due to adverse reaction or change in dosage or *prescription*.

9. Member Payment Responsibility

How your policy works

You may have to pay a *deductible* before we pay for certain *covered expenses*. If a *deductible* applies, and it is met, we will pay *covered expenses* at the *coinsurance* amount. Refer to the "Schedule of Benefits (Who Pays What)" to see when the *deductible* applies and the *coinsurance* amount we pay. You will be responsible for the *coinsurance* amount we do not pay.

The service and diagnostic information submitted on the *qualified provider's* bill will be used to determine which provision of the "Schedule of Benefits (Who Pays What)" applies.

Covered expenses are subject to the *maximum allowable fee*. We will apply the applicable *network provider* or *non-network provider* benefit level to the total amount billed by the *qualified provider*, less any amounts such as:

- Those in excess of the negotiated amount by contract, directly or indirectly, between *us* and the *qualified provider*; or
- Those in excess of the *maximum allowable fee*; and
- Adjustments related to *our* claims processing procedures. Refer to the "Claims Procedure (How to File a Claim)" section of this *certificate* for more information on *our* claims processing procedures.

Unless otherwise specified in this *certificate*, you will be responsible to pay:

- The applicable *network provider* or *non-network provider* copayment, deductible and/or coinsurance;
- Any amount over the *maximum allowable fee* to a *non-network provider*; and
- Any amount not paid by *us*.

However, we will apply the *network provider* benefit level and you will only be responsible to pay the *network provider* copayment, deductible and/or coinsurance, based on the *maximum allowable fee* for *covered expenses* when you receive the following services from *non-network providers* in the state of Colorado:

- Ambulance services for *emergency care* received from a privately owned ambulance service;
- *Emergency care*;
- *Ancillary services* while you are at a *network facility*;
- Services that are not considered *ancillary services* while you are at a *network facility*, and you do not consent to the *non-network provider* to obtain such services;
- *Post-stabilization services* when:
 - The attending *qualified provider* determines you are not able to travel by non-medical transportation to obtain services from a *network provider*; and
 - You do not consent to the *non-network provider* to obtain such services; and
- When a *network provider* is not reasonably available to provide services and authorization is received from *us* to see a *non-network provider*.

6. How to Access Your Services and Obtain Approval of Benefits (Applicable to managed care plans) (continued)

We will apply the *network provider* benefit level and you will only be responsible to pay the *network provider copayment, deductible and/or coinsurance*, based on the *qualified payment amount*, for *covered expenses* when you receive the following services from *non-network providers*:

- *Air ambulance* services;
- *Emergency care* outside the state of Colorado;
- *Ancillary services* while you are at a *network facility* outside the state of Colorado;
- Services that are not considered *ancillary services* while you are at a *network facility* outside the state of Colorado, and you do not consent to the *non-network provider* to obtain such services; and
- *Post-stabilization services* received outside the state of Colorado when:
 - The attending *qualified provider* determines you are not able to travel by non-medical transportation to obtain services from a *network provider*; and
 - You do not consent to the *non-network provider* to obtain such services.

Any *network provider copayment, deductible and/or coinsurance* you pay a *non-network provider* for the specific *covered expenses* listed above will be applied to the *network provider out-of-pocket limit*.

If an *out-of-pocket limit* applies and it is met, we will pay *covered expenses* at 100% the rest of the year, subject to any maximum benefit and all other terms, provisions, limitations, and exclusions of the *policy*.

10. Claims Procedure (How to File a Claim)

Notice of claim

Notice of claim must be given to *us* in writing or by *electronic mail* within 20 days or as soon as is reasonably possible thereafter. Notice must be sent to *us* at *our* mailing address shown on *your* ID card or at *our* website at www.humana.com.

Claims must be complete. At a minimum a claim must contain:

- Name of the *covered person*, who incurred the *covered expenses*;
- Name and address of the provider;
- Diagnosis;
- Procedure or nature of the treatment;
- Place of service;
- Date of service; and
- Billed amount.

If *you* receive services outside the United States or from a foreign provider, *you* must also submit the following information along with *your* complete claim:

- *Your* proof of payment to the provider for the services received outside the United States or from a foreign provider;
- Complete medical information and medical records;
- *Your* proof of travel outside of the United States, such as airline tickets or passport stamps, if *you* traveled to receive the services; and
- The foreign provider's fee schedule if the provider uses a billing agency.

The forms necessary for filing proof of loss are available at www.humana.com. When requested by *you*, we will send *you* the forms for filing proof of loss. If the requested forms are not sent to *you* within 15 days, *you* will have met the proof of loss requirements by sending *us* a written or *electronic* statement of the nature and extent of the loss containing the above elements within the time limit stated in the "Proof of loss" provision.

Proof of loss

You must give written or *electronic* proof of loss within 90 days after the date *you* incur such loss. *Your* claims will not be reduced or denied if it was not reasonably possible to give such proof within that time period.

Your claims may be reduced or denied if written or *electronic* proof of loss is not provided to *us* within one year after the date proof of loss is required, unless *your* failure to timely provide that proof of loss is due to *your* legal incapacity as determined by an appropriate court of law.

10. Claims Procedure (How to File a Claim) (continued)

Claims processing procedures

Qualified provider services are subject to *our* claims processing procedures. *We* use *our* claims processing procedures to determine payment of *covered expenses*. *Our* claims processing procedures include, but are not limited to, claims processing edits and claims payment policies, as determined by *us*. *Your qualified provider* may access *our* claims processing edits and claims payment policies on *our* website at www.humana.com by clicking on "For Providers" and "Claims Resources".

Claims processing procedures include the interaction of a number of factors. The amount determined to be payable for a *covered expense* may be different for each claim because the mix of factors may vary. Accordingly, it is not feasible to provide an exhaustive description of the claims processing procedures, but examples of the most commonly used factors are:

- The complexity of a service;
- Whether a service is one of multiple same-day services such that the cost of the service to the *qualified provider* is less than if the service had been provided on a different day. For example:
 - Two or more *surgeries* performed the same day;
 - Two or more endoscopic procedures performed during the same day; or
 - Two or more therapy services performed the same day;
- Whether a *co-surgeon, assistant surgeon, surgical assistant*, or any other *qualified provider*, who is billing independently is involved;
- When a charge includes more than one claim line, whether any service is part of or incidental to the primary service that was provided, or if these services cannot be performed together;
- Whether the service is reasonably expected to be provided for the diagnosis reported;
- Whether a service was performed specifically for *you*; or
- Whether services can be billed as a complete set of services under one billing code.

We develop *our* claims processing procedures in *our* sole discretion based on *our* review of correct coding initiatives, national benchmarks, industry standards, and industry sources such as the following, including any successors of the same:

- *Medicare* laws, regulations, manuals, and other related guidance;
- Federal and state laws, rules and regulations, including instructions published in the Federal Register;
- National Uniform Billing Committee (NUBC) guidance including the UB-04 Data Specifications Manual;
- American Medical Association's (AMA) Current Procedural Terminology (CPT®) and associated AMA publications and services;
- Centers for Medicare & Medicaid Services' (CMS) Healthcare Common Procedure Coding System (HCPCS) and associated CMS publications and services;
- International Classification of Diseases (ICD);
- American Hospital Association's Coding Clinic Guidelines;
- Uniform Billing Editor;
- American Psychiatric Association's (APA) Diagnostic and Statistical Manual of Mental Disorders (DSM) and associated APA publications and services;

10. Claims Procedure (How to File a Claim) (continued)

- Food and Drug Administration guidance;
- Medical and surgical specialty societies and associations;
- Industry-standard utilization management criteria and/or care guidelines;
- *Our* medical and pharmacy coverage policies; and
- Generally accepted standards of medical, behavioral health and dental practice based on credible scientific evidence recognized in published peer reviewed literature.

Changes to any one of the sources may or may not lead *us* to modify current or adopt new claims processing procedures.

Subject to applicable law, *qualified providers* who are *non-contracted providers* may bill *you* for any amount *we* do not pay even if such amount exceeds the allowed amount after *we* apply claims processing procedures. Any such amount that may be paid by *you* will not apply to *your deductible* or any *out-of-pocket limit*.

You should discuss *our* claims processing edits, claims payment policies and medical or pharmacy coverage policies and their availability with any *qualified provider* prior to receiving any services. *You* or *your qualified provider* may access *our* claims processing edits and claims payment policies on *our* website at www.humana.com by clicking on "For Providers" and "Claims resources." *Our* medical and pharmacy coverage policies may be accessed on *our* website at www.humana.com under "Medical Resources" by clicking "Coverage Policies." *You* or *your qualified provider* may also call *our* toll-free customer service number listed on *your* ID card to obtain a copy of a claims processing edit, claims payment policy or coverage policy.

Please refer to the "Appeals and Complaints" section of this *certificate* if a decline to provide or make a payment for a benefit based on *our* claims processing procedures result in an *adverse benefit determination*.

Other programs and procedures

We may introduce new programs and procedures that apply to *your* coverage under the *policy*. *We* may also introduce limited pilot or test programs including, but not limited to, disease management, care management, expanded accessibility, or wellness initiatives.

We reserve the right to discontinue or modify a program or procedure at any time.

Right to require medical examinations

We have the right to require a medical examination on any *covered person* as often as *we* may reasonably require. If *we* require a medical examination, it will be performed at *our* expense. *We* also have a right to request an autopsy in the case of death, if state law so allows.

10. Claims Procedure (How to File a Claim) (continued)

To whom benefits are payable

All benefit payments for *covered expenses* rendered are due and owing solely to the *covered person*. However, assignment of benefits is allowed and a *covered person* may direct *us* to pay all or any part of the medical benefits to the health care provider on whose charge the claim is based. If such a request is made, *we* will pay the health care provider directly. Such payments will not constitute the assignment of any legal obligation.

If any *covered person* to whom benefits are payable is a minor or, in *our* opinion, not able to give a valid receipt for any payment due him or her, such payment will be made to his or her parent or legal guardian. However, if no request for payment has been made by the parent or legal guardian, *we* may, at *our* option, make payment to the person or institution appearing to have assumed his or her custody and support.

Time of payment of claims

- Clean claims will be paid, denied or settled within 30 calendar days after receipt by *us electronically* or within 45 calendar days after receipt by *us* by *any means other than electronically*.
- If a claim requires additional information, *we* must request such information within 30 calendar days.
- Absent fraud, all claims except clean claims will be paid, denied or settled within 90 calendar days after receipt by *us*.

Right to request overpayments

We reserve the right to recover any payments made by *us* that were:

- Made in error;
- Made to *you* or any party on *your* behalf, where *we* determine that such payment made is greater than the amount payable under the *policy*;
- Made to *you* and/or any party on *your* behalf, based on fraudulent or misrepresented information; or
- Made to *you* and/or any party on *your* behalf for charges that were discounted, waived or rebated.

We reserve the right to adjust any amount applied in error to the *deductible* or *out-of-pocket limit*.

Right to collect needed information

You must cooperate with *us* and when asked, assist *us* by:

- Authorizing the release of medical information including the names of all providers from whom *you* received medical attention;

10. Claims Procedure (How to File a Claim) (continued)

- Obtaining medical information or records from any provider as requested by *us*;
- Providing information regarding the circumstances of *your sickness, bodily injury or accident*;
- Providing information about other insurance coverage and benefits, including information related to any *bodily injury or sickness* for which another party may be liable to pay compensation or benefits;
- Providing copies of claims and settlement demands submitted to third parties in relation to a *bodily injury or sickness*;
- Disclosing details of liability settlement agreements reached with third parties in relation to a *bodily injury or sickness*; and
- Providing information *we* request to administer the *policy*.

If *you* fail to cooperate or provide the necessary information, *we* may recover payments made by *us* and deny any pending or subsequent claims for which the information is requested.

Recovery rights

You as well as *your dependents* agree to the following, as a condition of receiving benefits under the *policy*.

Duty to cooperate in good faith

You are obligated to cooperate with *us* and *our agents* in order to protect *our* recovery rights. Cooperation includes promptly notifying *us* that *you may* have a claim, providing *us* relevant information, and signing and delivering such documents as *we* or *our agents* reasonably request to secure *our* recovery rights. *You* agree to obtain *our* consent before releasing any party from liability for payment of medical expenses. *You* agree to provide *us* with a copy of any summons, complaint or any other process served in any lawsuit in which *you* seek to recover compensation for *your* injury and its treatment.

You will do whatever is necessary to enable *us* to enforce *our* recovery rights and will do nothing after loss to prejudice *our* recovery rights.

You agree that *you* will not attempt to avoid *our* recovery rights by designating all (or any disproportionate part) of any recovery as exclusively for pain and suffering.

In the event that *you* fail to cooperate with *us*, *we* shall be entitled to recover from *you* any payments made by *us*.

Workers' compensation

This *policy* excludes coverage for *sickness or bodily injury* for which Workers' Compensation or similar coverage is available.

If benefits are paid by *us*, and *we* determine that the benefits were for treatment of *bodily injury or sickness* that arose from or was sustained in the course of, any occupation or employment for compensation, profit or gain, *we* have the right to recover as described below.

10. Claims Procedure (How to File a Claim) (continued)

We shall have first priority to recover benefits we have paid from any funds that are paid or payable by Workers' Compensation or similar coverage as a result of any *sickness* or *bodily injury*, and we shall not be responsible for contributing to any attorney fees or recovery expenses under a Common Fund or similar doctrine.

Our right to recover from funds that are paid or payable by Workers' Compensation or similar coverage will apply even though:

- The Workers' Compensation carrier does not accept responsibility to provide benefits;
- There is no final determination that *bodily injury* or *sickness* was sustained in the course of, or resulted from, *your* employment;
- The amount of Workers' Compensation due to medical or health care is not agreed upon or defined by *you* or the Workers' Compensation carrier; or
- Medical or health care benefits are specifically excluded from the Workers' Compensation settlement or compromise.

As a condition to receiving benefits from us, you hereby agree, in consideration for the coverage provided by the *policy*, you will notify us of any Workers' Compensation claim you make, and you agree to reimburse us as described above. If we are precluded from exercising our recovery rights to recover from funds that are paid by Workers' Compensation or similar coverage we will exercise our right to recover against you.

This provision does not apply to *employees* of the *employer* that are or may be eligible for coverage under any Workers' Compensation Act or similar law when the *employer* is given the option to apply for such coverage by such Act or law and the *employer* did not apply for such coverage.

Right of subrogation

As a condition to receiving benefits from us, you agree to transfer to us any rights you may have to make a claim, take legal action or recover any expenses paid under the *policy*. We will be subrogated to your rights to recover from any funds paid or payable as a result of a personal injury claim or any reimbursement of expenses by:

- Any legally liable person or their carrier, including self-insured entities;
- Any uninsured motorist or underinsured motorist coverage;
- Medical payments/expense coverage under any automobile, homeowners, premises, or similar coverages;
- Workers' Compensation or other similar coverage; and
- No-fault or other similar coverage.

We may enforce our subrogation rights by asserting a claim to any coverage to which you may be entitled. We shall have first priority to recover benefits we have paid from any funds that are paid or payable as a result of any *sickness* or *bodily injury*, regardless of whether available funds are sufficient to fully compensate you for your *sickness* or *bodily injury*.

If we are precluded from exercising our rights of subrogation, we may exercise our right of reimbursement.

10. Claims Procedure (How to File a Claim) (continued)

Right of reimbursement

If benefits are paid under the *policy*, and *you* recover from any legally responsible person, their insurer, or any uninsured motorist, underinsured motorist, medical payment/expense, Workers' Compensation, no-fault, or other similar coverage, *we* have the right to recover from *you* an amount equal to the amount *we* paid.

You shall notify *us*, in writing or by *electronic mail*, within 31 days of any settlement, compromise or judgment. Any *covered person* who waives, abrogates or impairs *our* right of reimbursement or fails to comply with these obligations, relieves *us* from any obligation to pay past or future benefits or expenses until all outstanding lien(s) are resolved.

If, after the inception of coverage with *us*, *you* recover payment from and release any legally responsible person, their insurer, or any uninsured motorist, underinsured motorist, medical payment/expense, Workers' Compensation, no-fault, or other similar insurer from liability for future medical expenses relating to a *sickness* or *bodily injury*, *we* shall have a continuing right to reimbursement from *you* to the extent of the benefits *we* provided with respect to that *sickness* or *bodily injury*. This right, however, shall apply only to the extent of such payment.

The obligation to reimburse *us* in full exists, regardless of whether the settlement, compromise or judgment designates the recovery as including or excluding medical expenses.

Assignment of recovery rights

The *policy* contains an exclusion for *sickness* or *bodily injury*, for which there is medical payment/expenses coverage provided under any homeowner's, premises or other similar coverage.

If *your* claim against the other insurer is denied or partially paid, *we* will process *your* claim according to the terms and conditions of the *policy*. If payment is made by *us* on *your* behalf, *you* agree to assign to *us* the right *you* have against the other insurer for medical expenses *we* pay.

If benefits are paid under the *policy* and *you* recover under any homeowner's, premises or similar coverage, *we* have the right to recover from *you*, or whomever *we* have paid, an amount equal to the amount *we* paid.

Cost of legal representation

The costs of *our* legal representation in matters related to *our* recovery rights shall be borne solely by *us*.

The costs of legal representation incurred by *you* shall be borne solely by *you*. *We* shall not be responsible to contribute to the cost of legal fees or expenses incurred by *you* under any Common Fund or similar doctrine unless *we* were given timely notice of the claim and an opportunity to protect *our* own interests and *we* failed or declined to do so.

11. General Policy Provisions

Entire contract

The entire contract is made up of the *policy*, the application of the *policyholder*, and the applications or enrollment forms, if any, of the *covered persons*. All statements made by the *policyholder* or by a *covered person* are considered to be representations, not warranties. This means that the statements are made in good faith. No statement will void the *policy*, reduce the benefits it provides or be used in defense to a claim unless it is contained in a written or *electronic* application or enrollment form and a copy is furnished to the person making such statement or his or her beneficiary.

Additional policyholder responsibilities

In addition to responsibilities outlined in the *policy*, the *policyholder* is responsible for:

- Collection of premium; and
- Distributing:
 - Benefit plan documents and the Summary of Benefits and Coverage (SBC);
 - Renewal notices and *policy* modification information;
 - Discontinuance notices; and
 - Information regarding continuation rights.

No *policyholder* may change or waive any provision of the *policy*.

Certificates of insurance

A *certificate* setting forth the benefits available to the *employee* and the *employee's* covered *dependents* will be available at www.humana.com or in writing when requested. The *policyholder* is responsible for providing *employees* access to the *certificate*.

No document inconsistent with the *policy* shall take precedence over it. This is true, also, when this *certificate* is incorporated by reference into a summary description of plan benefits the administrator of a group health plan subject to ERISA. If the terms of a summary plan description differ with the terms of this *certificate*, the terms of this *certificate* will control.

Incontestability

After two years from the effective date of the *policy*, we cannot contest the validity of the *policy* except for non-payment of premium.

No statement made for the purpose of effecting insurance coverage under the *policy* with respect to *you* shall be used to avoid the insurance with respect to which such statement was made or to reduce benefits under such *policy* after such insurance has been in force for a period of two years during *your* lifetime unless such statement is contained in a written form signed by *you* making such statement and a copy of that instrument is or has been furnished to *you* or to *your* beneficiary.

11. General Policy Provisions (continued)

Fraud

Health insurance fraud is a criminal offense that can be prosecuted. Any person(s) who willingly and knowingly engages in an activity intended to defraud *us* by filing a claim or form that contains a false or deceptive statement, may be guilty of insurance fraud.

If *you* commit fraud against *us* or *your employer* commits fraud pertaining to *you* against *us*, as determined by *us*, *we* reserve the right to *rescind your* coverage after *we* provide *you* a 30 calendar day advance written notice that coverage will be *rescinded*. *You* have the right to appeal the *rescission*.

Clerical error or misstatement

If it is determined that information about a *covered person* was omitted or *misstated* in error, an adjustment may be made in premiums and/or coverage in effect. This provision applies to *you* and to *us*.

Assignment

The *policy* and its benefits may not be assigned by the *policyholder*; however, *we* will pay the *non-network provider* directly when the *covered person* makes this request.

Conformity with statutes

Any provision of the *policy* which is not in conformity with applicable state law(s) or other applicable law(s) shall not be rendered invalid, but shall be construed and applied as if it were in full compliance with the applicable state law(s) and other applicable law(s).

Emergency declarations

We may alter or waive the requirements of the *policy* as a result of a state or federal emergency declaration including, but not limited to:

- *Prior authorization or preauthorization* requirements;
- *Prescription* quantity limits; and
- *Your copayment, deductible and/or coinsurance*.

We have the sole authority to waive any *policy* requirements in response to an emergency declaration.

Replacement of coverage

Applicability

This "Replacement of Coverage" section applies when an *employer's* previous group health plan not offered by *us* or *our* affiliates (Prior Plan) is terminated and replaced by coverage under the *policy* within 31 days of termination and:

11. General Policy Provisions (continued)

- You were covered under the *employer's* Prior Plan on the day before the effective date of the *policy*; and
- You are insured for medical coverage on the effective date of the *policy*.

Benefits available for *covered expense* under the *policy* will be reduced by any benefits payable by the Prior Plan during an extension period.

Deductible credit

Medical expense incurred while you were covered under the Prior Plan may be used to satisfy your *deductible* under the *policy* if the medical expense was:

- Incurred in the same calendar year the *policy* first becomes effective; and
- Applied to the deductible amount under the Prior Plan.

Waiting period credit

If the *employee* had not completed the initial *waiting period* under the *policyholder's* Prior Plan on the day that it ended, any period of time that the *employee* satisfied will be applied to the appropriate *waiting period* under the *policy*, if any. The *employee* will then be eligible for coverage under the *policy* when the balance of the *waiting period* has been satisfied.

Out-of-pocket limit

Any medical expense amount applied to the Prior Plan's *out-of-pocket limit* or stop-loss limit will be credited to your *out-of-pocket limit* under the *policy* if the medical expense was incurred in the same calendar year the *policy* first becomes effective.

Coordination of benefits

This "Coordination of Benefits" (COB) provision applies when a *covered person* has health care coverage under more than one *plan*. *Plan* is defined below.

The *order of benefit determination rules* below determine which *plan* will pay as the primary *plan*. The primary *plan* that pays first without regard to the possibility that another *plan* may cover some expenses. A secondary *plan* pays after the primary *plan* and may reduce the benefits it pays so that payments from all group *plans* do not exceed 100% of the total *allowable expense*.

Definitions

The following definitions are used exclusively in this provision.

11. General Policy Provisions (continued)

Plan is any of the following that provides benefits or services for medical care or treatment. However, if separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same *plan* and there is no COB among those separate contracts.

Plan includes:

- Group insurance contracts, health maintenance organization (HMO) contracts, closed panel, or other forms of group or group-type coverage (whether insured or uninsured);
- Medical care components of long-term care contracts, such as skilled nursing care;
- Medical benefits under group or individual automobile contracts; and
- *Medicare* or other governmental benefits, as permitted by law.

Plan does not include:

- Individual or family insurance;
- Closed panel or other individual coverage (except for group-type coverage);
- Hospital indemnity or other fixed;
- Accident only coverage;
- Specified disease or specified accident coverage;
- Limited benefit health coverage, as defined by state law;
- School accident-type coverage;
- Benefits for non-medical components of group long-term care contracts;
- Medicare supplement policies;
- A state plan under *Medicaid*; and
- Coverage under other governmental plans, unless permitted by law.

Each contract for coverage listed under the definition of *plan* is a separate *plan*. If a *plan* has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate *plan*.

Order of benefit determination rules determine whether this *plan* is a primary *plan* or secondary *plan* when compared to another *plan* covering the person.

Primary/secondary means the *order of benefit determination* stating whether this *plan* is *primary* or *secondary* covering the person when compared to another *plan* also covering the person.

When this *plan* is *primary*, its benefits are determined before those of any other *plan* and without considering any other *plan's* benefits. When this *plan* is *secondary*, its benefits are determined after those of another *plan* and may be reduced because of the primary *plan's* benefits.

Allowable expense means a health care service or expense, including *deductibles*, if any, and *coinsurance* or *copayments*, that is covered at least in part by any of the *plans* covering the person. When a *plan* provides benefits in the form of services (e.g. an HMO), the reasonable cash value of each service will be considered an *allowable expense* and a benefit paid. An expense or service that is not covered by any of the *plans* is not an *allowable expense*. The following are examples of expenses or services that are not *allowable expenses*:

- If a *covered person* is confined in a private *hospital* room, the difference between the cost of a semi-private room in the *hospital* and the private room, (unless the patient's stay in a private *hospital* room is medically necessary in terms of generally accepted medical practice, or one of the *plans* routinely provides coverage for *hospital* private rooms) is not an *allowable expense*.

11. General Policy Provisions (continued)

- If a person is covered by two or more *plans* that compute their benefit payments on the basis of usual and customary fees, any amount in excess of the highest of the usual and customary fee for a specific benefit is not an *allowable expense*.
- If a person is covered by two or more *plans* that provide benefits or services on the basis of negotiated fees, any amount in excess of the highest of the negotiated fees is not an *allowable expense*.
- If a person is covered by one *plan* that calculates its benefits or services on the basis of usual and customary fees and another *plan* that provides its benefits or services on the basis of negotiated fees, the *primary plan's* payment arrangements shall be the *allowable expense* for all *plans*.
- The amount a benefit is reduced by the *primary plan* because a *covered person* does not comply with the *plan* provisions. Examples of these provisions are second surgical opinions and precertification of admissions.
- Dental care.
- Vision care.
- Prescription drugs.

Claim determination period is usually a calendar year, but a *plan* may use some other period of time that fits the coverage of the group contract. A person is covered by a *plan* during a portion of a *claim determination period* if that person's coverage starts or ends during the *claim determination period*. However, it does not include any part of a *year* during which a person has no coverage under this *plan*, or before the date this COB provision or a similar provision takes effect.

Closed panel plan is a *plan* that provides health benefits to *covered persons* primarily in the form of services through a panel of providers that has contracted with either directly or indirectly or are employed by the *plan*, and that limits or excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.

Custodial parent means a parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar *year* without regard to any temporary visitation.

Order of benefit determination rules

General

When two or more *plans* pay benefits, the rules for determining the order of payment are as follows:

- The *primary plan* pays or provides its benefits as if the *secondary plan* or *plans* did not exist.

11. General Policy Provisions (continued)

- A *plan* that does not contain a COB provision that is consistent with this regulation is always *primary*. There is one exception: coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the *plan* provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base *plan* hospital and surgical benefits, and insurance type coverages that are written in connection with a *closed panel plan* to provide out-of-network benefits.
- A *plan* may consider the benefits paid or provided by another *plan* in determining its benefits only when it is secondary to that other *plan*.

Rules

The first of the following rules that describes which *plan* pays its benefits before another *plan* is the rule to use:

- **Non-dependent or dependent.** The *plan* that covers the person other than as a *dependent*, for example as an employee, member, subscriber or retiree is *primary* and the *plan* that covers the person as a *dependent* is *secondary*. However, if the person is a *Medicare* beneficiary and, as a result of federal law, *Medicare* is secondary to the *plan* covering the person as a *dependent*; and primary to the *plan* covering the person as other than a *dependent* (e.g. a retired employee); then the order of benefits between the two *plans* is reversed so that the *plan* covering the person as an *employee*, member, subscriber or retiree is *secondary* and the other *plan* is *primary*.
- **Dependent child covered under more than one plan.** The order of benefits when a child is covered by more than one *plan* is:
 - The *primary plan* is the *plan* of the parent whose birthday is earlier in the year if:
 - The parents are married;
 - The parents are not separated (whether or not they ever have been married); or
 - A court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage.
 - If both parents have the same birthday, the *plan* that covered either of the parents longer is *primary*.
 - If the specific terms of a court decree state that one of the parents is responsible for the child's health care expenses or health care coverage and the *plan* of that parent has actual knowledge of those terms, that *plan* is *primary*. This rule applies to *claim determination periods* or *plan years* commencing after the *plan* is given notice of the court decree.
 - If the parents are separated (whether or not they ever have been married) or are divorced, the order of benefits is:
 - The *plan* of the *custodial parent*;
 - The *plan* of the spouse of the *custodial parent*;
 - The *plan* of the non-*custodial parent*; and then
 - The *plan* of the spouse of the non-*custodial parent*.

11. General Policy Provisions (continued)

- **Active or inactive employee.** The *plan* that covers a person as an *employee* who is neither laid off nor retired, is *primary*. The same would hold true if a person is a *dependent* of a person covered as a retiree and an *employee*. If the other *plan* does not have this rule, and as a result, the *plans* do not agree on the order of benefits, this rule is ignored. Coverage provided an individual as a retired worker and as a *dependent* of an actively working spouse will be determined under the first rule listed above.
- **Continuation coverage.** If a person whose coverage is provided under a right of continuation provided by federal or state law also is covered under another *plan*, the *plan* covering the person as an *employee*, member, subscriber or retiree (or as that person's *dependent*) is *primary*, and the continuation coverage is *secondary*. If the other *plan* does not have this rule, and if, as a result, the *plans* do not agree on the order of benefits, this rule is ignored.
- **Longer or shorter length of coverage.** The *plan* that covered the person as an *employee*, member, subscriber or retiree longer is *primary*.

If the preceding rules do not determine the *primary plan*, the *allowable expenses* shall be shared equally between the *plans* meeting the definition of *plan* under this regulation. In addition, this *plan* will not pay more than it would have paid had it been *primary*.

Effects on the benefits of this plan

- When this *plan* is *secondary*, it may reduce its benefits so that the total benefits paid or provided by all *plans* during a *year* are not more than the total *allowable expenses*. In determining the amount to be paid for any claim, the *secondary plan* will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any *allowable expense* under its *plan* that is unpaid by the *primary plan*. The *secondary plan* may then reduce its payment by the amount so that, when combined with the amount paid by the *primary plan*, the total benefits paid or provided by all *plans* for the claim do not exceed the total *allowable expense* for that claim. In addition, the *secondary plan* shall credit to its plan *deductible* any amounts it would have credited to its *deductible* in the absence of other health care coverage.
- If a *covered person* is enrolled in two or more *closed panel plans* and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one *closed panel plan*, COB shall not apply between that *plan* and other *closed panel plans*.

Right to receive and release needed information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this *plan* and other *plans*. We may get the facts we need from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under this *plan* and other *plans* covering the person claiming benefits. We need not tell, or get the consent of, any person to do this. Each person claiming benefits under this *plan* must give us any facts we need to apply those rules and determine benefits payable.

11. General Policy Provisions (continued)

Facility of payment

A payment made under another *plan* may include an amount that should have been paid under this *plan*. If it does, *we* may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid under this *plan*. *We* will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means a reasonable cash value of the benefits provided in the form of services.

Right of recovery

If the amount of the payments made by *us* is more than *we* should have paid under this COB provision, *we* may recover the excess from one or more of the persons *we* have paid or for whom *we* have paid; or any other person or organization that may be responsible for the benefits or services provided for the *covered person*. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

General coordination of benefits with Medicare

If *you* are covered under both *Medicare* and this *certificate*, federal law mandates that *Medicare* is the *secondary plan* in most situations. When permitted by law, this *plan* is the *secondary plan*. In all cases, coordination of benefits with *Medicare* will conform to federal statutes and regulations. If *you* are enrolled in *Medicare*, *your* benefits under this *certificate* will be coordinated to the extent benefits are payable under *Medicare*, as allowed by federal statutes and regulations.

Disclosure provisions

Employee assistance program

We may provide *you* access to an employee assistance program (EAP). The EAP may include confidential, telephonic consultations and work-life services. The EAP provides *you* with short-term, problem solving services for issues that may otherwise affect *your* work, personal life or health. The EAP is designed to provide *you* with information and assistance regarding *your* issue and may also assist *you* with finding a medical provider or local community resource.

The services provided by the EAP are not *covered expenses* or insured benefits under the *policy*, therefore the *copayments*, *deductible* or *coinsurance* do not apply. However, there may be additional costs to *you*, if *you* obtain services from a professional or organization the EAP has recommended or has referred *you* to. The EAP does not provide medical care. *You* are not required to participate in the EAP before using *your* insured benefits under the *policy*, and the EAP services are not coordinated with *covered expenses* under the *policy*. The decision to participate in the EAP is voluntary, and *you* may participate at any time during the *year*. Refer to the marketing literature for additional information.

11. General Policy Provisions (continued)

Discount programs

From time to time, *we* may offer or provide access to discount programs to *you*. In addition, *we* may arrange for third party service providers such as pharmacies, optometrists, dentists, and alternative medicine providers to provide discounts on goods and services to *you*. Some of these third party service providers may make payments to *us* when *covered persons* take advantage of these discount programs. These payments offset the cost to *us* of making these programs available and may help reduce the costs of *your* plan administration. Although *we* have arranged for third parties to offer discounts on these goods and services, these discount programs are not insured benefits under the *policy*. The third party service providers are solely responsible to *you* for the provision of any such goods and/or services. *We* are not responsible for any such goods and/or services, nor are *we* liable if vendors refuse to honor such discounts. Further, *we* are not liable to *covered persons* for the negligent provision of such goods and/or services by third party service providers. Discount programs may not be available to persons who "opt out" of marketing communications and where otherwise restricted by law.

Wellness programs

From time to time *we* may offer directly, or enter into agreements with third parties who administer participatory or health-contingent wellness programs to *you*.

"Participatory" wellness programs do not require *you* to meet a standard related to a health factor. Examples of participatory wellness programs may include, but are not limited to, membership in a fitness center, certain preventive testing or attending a no-cost health education seminar.

"Health-contingent" wellness programs require *you* to attain certain wellness goals that are related to a health factor. Examples of health contingent wellness programs may include, but are not limited to completing a 5k event, lowering blood pressure or ceasing the use of tobacco.

The rewards may include, but are not limited to, payment for all or a portion of a participatory wellness program, merchandise, gift cards, debit cards, discounts or contributions to *your* health spending account. *We* are not responsible for any rewards provided by third parties that are non-insurance benefits or for *your* receipt of such reward.

The rewards may also include, but are not limited to, discounts or credits toward premium or a reduction in *copayments*, *deductibles* or *coinsurance*, as permitted under applicable state and federal laws. Such insurance premium or benefit rewards may be made available at the individual or *group* health plan level.

The rewards may be taxable income. *You* may consult a tax advisor for further guidance.

Our agreement with any third party does not eliminate any of *your* obligations under this *policy* or change any of the terms of this *policy*. *Our* agreement with the third parties and the program may be terminated at any time, although insurance benefits will be subject to applicable state and federal laws.

We are committed to helping *you* achieve *your* best health. Some wellness programs may be offered only to *covered persons* with particular health factors. If *you* think *you* might be unable to meet a standard for a reward under a health-contingent wellness program, *you* might qualify for an opportunity to earn the same reward by different means. Contact *us* at the number listed on *your* identification card or in the marketing literature issued by the wellness program administrator for more information.

11. General Policy Provisions (continued)

The wellness program administrator or *we* may require proof in writing from *your health care practitioner* that *your* medical condition prevents *you* from taking part in the available activities.

The decision to participate in wellness program activities is voluntary and if eligible, *you* may decide to participate anytime during the *year*. Refer to the marketing literature issued by the wellness program administrator for their program's eligibility, rules and limitations.

Shared savings program

If *you* obtain services from a *non-contracted provider*, the services may be eligible for a discount to *you* under a Shared Savings Program. It is not necessary for *you* to inquire in advance about services that may be discounted. When processing *your* claim, *we* will automatically determine if the services are subject to the Shared Savings Program and calculate *your deductible and coinsurance* on the discounted amount. Whether services are subject to the Shared Savings Program is at *our* discretion, and *we* apply the discounts in a non-discriminatory manner. *Your* Explanation of Benefits statement will reflect any savings with a remark code that the services have been discounted. *We* cannot guarantee that services rendered by *non-contracted providers* will be discounted.

If *you* would like to inquire in advance to determine if services rendered by a *non-contracted provider* may be subject to the Shared Savings Program, please contact *our* customer service department at the telephone number shown on *your* ID card. Provider arrangements in the Shared Savings Program are subject to change without notice. *We* cannot guarantee that the services *you* receive from a *non-contracted provider* are still subject to the Shared Savings Program at the time services are treatment is received. Discounts are dependent upon availability and cannot be guaranteed.

We reserve the right to modify, amend or discontinue the Shared Savings Program at any time.

12. Termination/Nonrenewal/Continuation

Termination of insurance

The date of termination, as described in this "Termination/Nonrenewal/Continuation" section, may be the actual date specified or the end of that month, as selected by *your employer* on the Employer Group Application (EGA).

You must notify *us* as soon as possible if *you* or *your dependent* no longer meets the eligibility requirements of the *policy*. Notice should be provided to *us* within 14 days of the change.

When *we* receive notification of a change in eligibility status in advance of the effective date of the change, insurance will terminate on the actual date specified by the *employer* or *employee* or at the end of that month, as selected by *your employer* on the EGA. *We* will send *you* notice of termination of *your* coverage at least 30 days prior to termination including the reason for termination.

When *we* receive notification of a change in eligibility status more than 14 days after the date of the change, retroactive premium credit will not be permitted.

Otherwise, insurance terminates on the earliest of the following:

- The date the *group policy* terminates;
- The end of the period for which required premium was due to *us* and not received by *us*;
- The date the *employee* terminated employment with the *employer*;
- The date the *employee* is no longer qualified as an *employee*;
- The date *you* fail to be in an eligible class of persons as stated in the EGA;
- The date the *employee* retired, except if the EGA provides coverage for a retiree class of *employees* and the retiree is in an eligible class of retirees, selected by the *employer*;
- The date of an *employee* request for termination of insurance for the *employee* or *dependents*;
- For a *dependent*, the date the *employee's* insurance terminates;
- For a *dependent*, the date the *employee* ceases to be in a class of *employees* eligible for *dependent* insurance;
- The date *your dependent* no longer qualifies as a *dependent*;
- For any benefit, the date the benefit is deleted from the *policy*; or
- The date fraud or an intentional misrepresentation of a material fact has been committed by *you*. For more information on fraud and intentional misrepresentation, refer to the "Fraud" provision in the "General Policy Provisions" section of this *certificate*.

12. Termination/Nonrenewal/Continuation (continued)

Termination for cause

We will terminate *your* coverage for cause under the following circumstances:

- If *you* allow an unauthorized person to use *your* ID card or if *you* use the identification card of another *covered person*. Under these circumstances, the person who receives the services provided by use of the ID card will be responsible for paying *us* any amount *we* paid for those services. We will send *you* notice of termination of *your* coverage at least 30 days prior to termination including the reason for termination.
- If *you* or the *policyholder* perpetrate fraud or intentional misrepresentation of a material fact on claims, ID cards or other identification in order to obtain services or a higher level of benefits. This includes, but is not limited to, the fabrication or alteration of a claim, ID card or other identification.

Continuation options in the event of termination

If health insurance terminates:

- It may be continued under the continuation provisions as provided by the Consolidated Omnibus Budget Reconciliation Act (COBRA), if applicable, or
- It may be continued as described under the "State continuation of health insurance" section below, provided *your employer* has:
 - Less than 20 *employees*; or
 - More than 20 *employees* and *you* are not a qualified beneficiary under the Consolidated Omnibus Budget Reconciliation Act (COBRA).

State continuation of health insurance

Subject to the terms below, if the *employee* or covered *dependent* is no longer eligible for medical coverage under the *policy* he or she has the right to continue medical coverage, unless loss of eligibility is due to:

- Discontinuance of the group *policy* in its entirety;
- Discontinuance of the *employer's* participation under the *policy*; or
- Termination of the insured class to which the *employee* belongs.

Coverage may be continued for the *employee* and any of the *employee's* covered *dependents*.

Continuation is available only if *you* have been continuously covered under the *policy*, or under any group policy providing similar benefits which it replaces, for at least six (6) months immediately prior to termination, and:

12. Termination/Nonrenewal/Continuation (continued)

- All premiums required from or on behalf of the *employee* have been paid to the termination date; and
- *You* are NOT covered by *Medicare* or *Medicaid*, unless *your employer* offers continuation coverage regardless of *Medicare* or *Medicaid* coverage.

You may elect this option if:

- *You* are an *employee* whose eligibility for group coverage terminates;
- *You* are the former spouse of an *employee*, and *your* marriage ended due to divorce or annulment while *you* were covered under the group plan, and the *employee* continues to be covered under the group plan; or
- *You* are a surviving *dependent* spouse or child of an *employee* who died while *you* were covered under the group plan.

When *your* coverage terminates the *employer* will notify *you* in writing of *your* right to continue medical coverage.

If *you* elect to continue coverage, *you* have thirty-one (31) days after the date *your* coverage terminates to notify the *employer* in writing and pay the first premium. Subsequent premiums are due monthly to the *employer*.

If the *employer* fails to notify *you* of *your* right to continue coverage, *you* have sixty (60) days after the date *your* coverage terminates to make payment of the first premium to the *employer*.

Your premium will be the sum of *your* normal contribution for medical coverage, if any, and the *employer's* normal contribution.

Continuation of coverage will end on the earliest of the following:

- 18 months after the date *your* eligibility for coverage would otherwise end;
- The end of any period for which *you* fail to make timely payment of premium when due; or
- The date *you* become eligible for other group coverage unless the replacing group coverage excludes a condition covered under the continued plan. Coverage under the *policy* may be continued for the excluded condition only for the remainder of the 18 months or until the new plan covers the excluded condition, whichever is less.

Extension of coverage

If *your* coverage terminates for any reason other than nonpayment of premium, fraud, or abuse while *you* are an *inpatient*, benefits will be provided for *covered expenses* until *you* are discharged.

13. Appeals and Complaints

Definitions

Adverse benefit determination means a denial, reduction, or termination of, or a failure to provide or make a payment (in whole or in part) for a benefit, including:

- A determination that an item or service is *experimental, investigational* or not *medically necessary*;
- A determination of *your* eligibility for group coverage under the *policy*;
- A determination that the benefit is not covered;
- Any rescission of coverage or cancellation of coverage applied retroactively that is not attributed to a failure to pay premiums.

Appeal is a request for reconsideration of an *adverse benefit determination*.

Business day means, for purposes of this section for Appeals and Complaints, the days of the week between and including Monday through Friday, not including public holidays and weekends.

Commissioner means the Commissioner of the Colorado Division of Insurance.

Complaint means a written communication primarily expressing a *grievance*.

De minimis means any minor error or omission that does not substantively impact the rights of a *covered person* to request an external review of an *adverse benefit determination*.

Designated representative means:

- *Your health care practitioner* or a person *you* have given written consent to represent *you*;
- A person authorized by law to provide substituted consent for *you*, including a guardian, agent under power of attorney or a proxy; or a designee of the Colorado Department of Health Care Policy and Financing; and/or
- A *health care practitioner* with knowledge of *your* medical condition in urgent care situations.

Expedited (external) review means a review following completion of procedures for expedited internal review of an *adverse benefit determination* involving a situation where the timeframe of the standard independent external review procedures would seriously jeopardize the life or health of the *covered person* or would jeopardize the *covered person's* ability to regain maximum function. *Expedited (external) review* is available if the *adverse benefit determination* concerns an admission, availability of care, continued stay or health care services for which the *covered person* received *emergency care* has not been discharged from the *health care treatment facility*.

Final adverse benefit determination means an *adverse benefit determination* that has been upheld by *us* at the completion of the internal appeals process or in when the internal appeals process has been exhausted.

Grievance means a circumstance regarded as a cause for protest, including the protest of an *adverse benefit determination*.

13. Appeals and Complaints (continued)

Independent Review Entity (IRE) means an entity assigned by the *commissioner* to conduct an independent external review of an *adverse benefit determination* and a *final adverse benefit determination*.

Prospective review means *utilization review* conducted prior to an *admission* or course of treatment. Also known as a "pre-service review."

Retrospective review means *utilization review* conducted after services have been provided to the *covered person*, but does not include the review of a claim that is limited to an evaluation of reimbursement levels, veracity of documentation, accuracy of coding or adjudication for payment. Also known as a "post-service review."

Urgent-care claim means a claim for covered services to which the application of the time periods for making non-urgent care determinations:

- Could seriously jeopardize the life or health of the *covered person* or the ability of the *covered person* to regain maximum function; or
- In the opinion of a physician with knowledge of the *covered person's* medical condition, would subject the *covered person* to severe pain that cannot be adequately managed without the service that is the subject of the claim; or
- For a *covered person* with a disability, creates an imminent and substantial limitation of his or her existing ability to live independently.

We will make a determination of whether a claim is an *urgent-care claim*. However, any claim a physician, with knowledge of a *covered person's* medical condition, determines is an "*urgent-care claim*" will be treated as a "claim involving urgent care."

Utilization review means a set of formal techniques designed to monitor the use of, or evaluate the clinical medical necessity, appropriateness, efficacy, or efficiency of, health care services, procedures, or settings.

13. Appeals and Complaints (continued)

Internal appeals

First level review

You or your designated representative must appeal an adverse benefit determination within 180 days or next business day following the 180 days after receiving written notice of the denial (or partial denial). A request for a first level review of an adverse benefit determination may be made by you or your designated representative by means of written application to us or by mail, postage prepaid to the address below:

**HUMANA INSURANCE COMPANY
GRIEVANCE AND APPEAL DEPARTMENT
P.O. BOX 14546
LEXINGTON, KY 40512-4546**

The first level review is for medical necessity, experimental or investigational service or contractual determination when *you or your designated representative* have provided evidence from a medical professional that there is a reasonable medical basis that the contractual determination does apply to the denied benefit. The first level review will be evaluated by a *health care practitioner* who shall consult with an appropriate clinical peer or peers. The *health care practitioner* and clinical peer(s) shall not have been involved in the initial *adverse benefit determination*; however, a person previously involved may answer questions.

We will notify you or your designated representative of the decision no later than:

- 30 calendar days after the date *we* received the request for the first level review; or
- 60 calendar days after the date *we* received the request for the review of a post service contractual determination when *you or your designated representative* have not provided evidence from a medical professional that there is a reasonable medical basis that the contractual determination does not apply to the denied benefit.

You or your designated representative may request an expedited internal appeal of an adverse urgent-care claim decision orally or in writing. In such case, all necessary documents, including the plan's benefit determination on review, will be transmitted between the plan and you or your designated representative by telephone, FAX, or other available similarly expeditious method.

Determination of appeals of denied claims will be conducted promptly, will not defer to the initial determination and will not be made by the person who made the initial adverse claim determination or a subordinate of that person. The determination will take into account all comments, documents, records, and other information submitted by *you or your designated representative* relating to the claim.

You or your designated representative may submit written comments, documents, records and other material relating to the adverse benefit determination for consideration and may receive, upon request and free of charge, reasonable access to, and copies of all documents, records and other relevant information.

13. Appeals and Complaints (continued)

If new or additional evidence is relied upon or if new or additional rationale is used during the internal appeal process, *we* will provide *you* or *your designated representative*, free of charge, the evidence or rationale as soon as possible and in advance of the appeals decision in order to provide *you* or *your designated representative* a reasonable opportunity to respond.

Expedited internal appeal

We will establish written procedures for the expedited review of *urgent care claim* of grievances involving an *adverse benefit determination*. *We* will also provide an expedited review for a request for a benefit for a *covered person* who has received *emergency care* but has not been discharged from a *health care treatment facility*. The procedures shall allow a *covered person* to request an expedited review under this section orally or in writing. The procedures shall also allow the *covered person* to identify health care providers to whom *we* will send a copy of the review decision. A *covered person* requesting an *expedited (external) review* may request such review concurrently with a request for an expedited internal review.

An expedited review shall be available to, and may be initiated by, *you* or *your designated representative*.

In an expedited review, all necessary information, including *our* decision, shall be transmitted between *us* and *you* or *your designated representative* by telephone, facsimile or similar expeditious method available.

Expedited appeal evaluations:

- Expedited appeals shall be evaluated by an appropriate clinical peer(s) in the same or similar specialty as would typically manage the case under review. For the purposes of this section, the clinical peers shall be called "the reviewer(s)." The clinical peer(s) shall not have been involved in the initial *adverse benefit determination*.
- In conducting a review under this section, the reviewer(s) shall take into consideration all comments, documents, records and other information regarding the request for services submitted by, or on behalf of the *covered person* without regard to whether the information was submitted or considered in making the initial *adverse benefit determination*.

In an expedited review, *we* will make a decision and notify *you* or *your designated representative* as expeditiously as the *covered person's* medical condition requires, but in no event more than 72 hours after *we* have received the request. If the expedited review is a concurrent review and an adverse determination is made, the service or treatment shall continue to be covered according to the *policy* until the *covered person* has been notified of the determination by *us*.

We will provide written confirmation of the decision concerning an expedited review within 3 calendar days of providing notification of that decision, if the initial notification was not in writing.

In any case where the expedited review process does not resolve a difference of opinion between *us* and *you* or *your designated representative*, *you* or *your designated representative* may request an independent external review.

Retrospective *adverse benefit determinations* are not eligible for the expedited review process.

13. Appeals and Complaints (continued)

Voluntary second level review

If *you* are dissatisfied or unable to resolve *your* concerns through the first level appeal process, *you* or *your designated representative* may request a voluntary second level review in writing to the address provided on the denial letter *you* received. If *you* request a voluntary second level review for a service that was denied based on the "Limitations/Exclusions" section of this *certificate*, *you* or *your designated representative* must send a medical basis statement from a medical professional stating that the exclusion was applied incorrectly.

The voluntary second level review may be performed, at the option of the *covered person* following completion of the first level review process. Request for the voluntary second level review must be filed within 60 calendar days or the next business day following the 60 calendar days after receipt of the first level review *adverse benefit determination*. This review will be performed by a *health care practitioner* with appropriate expertise who was not involved in the previous *appeal* process and has no direct financial interest in the *appeal* or outcome of the review.

You or *your designated representative* may appear in person or by telephone conference at the review meeting to explain the *grievance* and to provide any relevant evidence in support of the claim for benefits. The voluntary second level review meeting will be held within 60 calendar days of receiving the request for a voluntary second level review. *You* or *your designated representative* will be notified in writing at least 20 calendar days in advance of the review meeting date. We will provide the *covered person*, upon request, copies of the materials we will present at the review meeting at least 5 calendar days prior to the date of the review meeting. The *covered person* has a responsibility to submit a copy of the materials that the *covered person* plans to present or have presented on his or her behalf at the review meeting to *us* at least 5 calendar days prior to the date of the review meeting. The *covered person* also has a responsibility within 7 calendar days in advance of the review meeting to inform *us* if the *covered person* intends to have an attorney present to represent the *covered person's* interests. A written decision will be provided to *you* or *your designated representative* within 7 calendar days of completing the review meeting.

Exhaustion of remedies

Upon completion of the internal appeals process under this section, *you* or *your designated representative* will have exhausted his or her administrative remedies under the plan. If we fail to adhere to all requirements of the internal appeal process, except for failures that are based on *de minimis* violations, the claim shall be deemed to have been denied and *you* or *your designated representative* may request an external review.

After exhaustion of remedies, *you* or *your designated representative* may pursue any other legal remedies available, which may include bringing civil action under ERISA section 502(a) for judicial review of the plan's determination. Additional information may be available from the local U.S. Department of Labor Office.

13. Appeals and Complaints (continued)

External review

Within 4 months or the next *business day* following the 4 months after *you* or *your designated representative* receives notice of an *adverse benefit determination* after the completion of exhaustion of the internal appeal process, *you* or *your designated representative* may file a written request for an external review.
