Humana Specialty Pharmacy delivers customized services to health care providers and their staffs

As a part of your patient care team, Humana Specialty Pharmacy provides these services to you and your Humana-covered patients:

Need-based financial assistance: When patients express a financial need, Humana Specialty Pharmacy connects them to financial support programs offered by drug manufacturers and foundations.

E-prescribing: Select “Humana Specialty Pharmacy” in your e-prescribing software to submit prescriptions electronically.

Patient resources: Pharmacists and registered nurses provide patient guidance on side effects and adverse reactions, and assist with medication adherence.

Support for numerous therapies:
