

Humana's Dental Provider Networks

Humana's networks include dental providers and specialists. This search tool is an important resource to help you find any type of provider who is participating in the Humana network for your specific insurance plan. Or, if you have not purchased an insurance plan yet, this tool can help you determine if the providers you want to deliver your care are participating in the plan you are considering. It is important to note that not all providers participate in all Humana plans.

Humana considers a number of factors when selecting providers to participate in its provider networks:

Access to Care

Humana works to ensure we have the right number of network providers in the right locations for our members. At least once per year, we review our networks by looking at the location of our network providers compared to where our members live in compliance with state and federal regulations.

Humana also considers other standards for access to care such as guidelines issued by the Centers for Medicare & Medicaid Services (CMS) and any state regulations related to provider networks.

If our review shows we do not have enough providers in the right locations to meet our members' needs, we will work to add more providers to the network.

Qualifications

Providers who participate in Humana's networks go through a thorough credentialing process. The credentialing process is a way to verify the qualifications of providers. The process includes checking education and training, licensure, board certification, malpractice claims history, and other background information that applies to the provider's specialty. Providers are reevaluated at least every three years.

Cost

In order to participate in Humana's network, providers must be willing to agree to a negotiated rate. These negotiated rates are one advantage of having health insurance because you usually pay less for the services you receive when you visit a provider in your Humana network.

Patient experience

If you use a provider that is not in your specific health insurance plan's network, Humana may pay less or may not pay for the services you receive. Humana also considers member complaints received about providers when deciding whether to continue a provider's contract with our network.
