

## Contracting information for specific markets

### ARIZONA

In Maricopa County, all healthcare professionals may submit applications for Medicare Advantage private fee-for-service contracts. For other products in Maricopa County, Humana is only accepting applications from the following providers and specialties: cardiology, colon/rectal, dermatology, dialysis centers, ear/nose/throat, endocrinology, freestanding ancillary and imaging, hematology/oncology, gastroenterology, infectious disease, maternal/fetal medicine, ophthalmology, pediatric subspecialty, perinatology/neonatology, radiation oncology, reproductive endocrinology and rheumatology.

### COLORADO

In the Denver Metro and Colorado Springs service areas, all healthcare professionals may submit applications for Medicare Advantage private fee-for-service contracts. For other products, Humana is only accepting applications from obstetricians/gynecologists and oral and maxillofacial surgeons in these counties: Adams, Arapahoe, Boulder, Broomfield, Denver, Douglas, El Paso, Jefferson and Teller.

### SOUTH FLORIDA

Primary Care Physicians interested in a contract for the Commercial line of business only may use the online application process. Primary care physicians, specialists and ancillary providers interested in a contract with a combination of Medicare, Medicaid and/or commercial lines of business please submit your Letter of Interest to [requesttojoin@Humana.com](mailto:requesttojoin@Humana.com).

### MISSISSIPPI

Effective Jan. 1, 2021, Humana will no longer have Medicare Advantage Private Fee-for-Service plans in Mississippi. Mississippi is accepting applications in all medical specialties and counties except for physical/speech/occupational therapy in Hancock, Harrison, Hinds, Madison and Rankin counties.

Mississippi is not accepting applications from home health or skilled nursing facilities in any county.

Providers in Forrest County should email [lamsproviderintake@humana.com](mailto:lamsproviderintake@humana.com) for consideration. All others should use [Humana's online contracting application](#).
