IMPORTANT INFORMATION ABOUT HUMANA MEDICARE DENTAL BENEFITS

When your patients present a Humana Medicare Advantage ID card to you, please reference the following information concerning their dental benefits:

- 1. "HMO" on the front of the ID card refers only to the Medicare <u>medical</u> plan (see No. 1 below). The embedded <u>dental</u> benefits in those plans, however, are always provided through our Humana Dental Medicare preferred provider organization (PPO) network.
- 2. As a participating PPO dental care provider, you are included in this network.
- 3. Covered procedures will be reimbursed according to your dental PPO contracted rates.
- 4. If the patient has a supplemental dental benefit with his/her Medicare Advantage plan, it will be indicated by a three-digit DEN number on the back of the ID card (see No. 4 below). If there is no three-digit DEN number, the patient's plan does not have supplemental dental benefits.
- 5. Benefits for all DEN numbers can be found under "Medicare dental plan summary sheets" at www.humana.com/provider/dentists.
