\* We reserve the right to make changes to the premium discount structure. If a change to the discount structure occurs to your policy, it will affect all policies we issue like yours.

\*\* The household premium discount will be removed if the other Medicare supplement policyholder whose policy status entitles you to the discount no longer resides with you. However, if that person becomes deceased, your discount will still apply. This premium change will occur on the billing cycle following the date we learn your eligibility has ended. Household is defined as a condominium unit, a single family home, or an apartment unit within an apartment complex.

## **Premium Information**

We, Humana Health Benefit Plan of Louisiana, Inc., can only change the renewal premium for your policy if we also change the renewal premium for all policies that we issue like yours in this State. No change in premium will be made because of the number of claims you file, nor because of a change in your health or your type of work.

If you are rated as age 65 or older, this is an attained age rated policy, which means that your premiums will increase based on age. Your attained age premium increase will go into effect on the first monthly renewal date which falls on or follows the policy annual anniversary date. The premium increase will be based on your age attained on or before the last day of the renewal calendar month. A premium change will not be made more than once in a 12-month period.

However, if you enroll prior to age 65, you will remain in the same age category for the duration of your policy.

Premium discounts may be applied or discontinued based on eligibility.

## Medicare (Part A) - Hospital Services - Per Benefit Period

\*A benefit period begins on the first day you receive service as an inpatient in a hospital and ends after you have been out of the hospital and have not received skilled care in any other facility for 60 days in a row.
