 \$2,096 a year
 on your Medicare
 Part B premium
 interest you?**

CarePlus
 HEALTH PLANS®

Medicare beneficiaries with limited income and assets may be eligible for assistance from state and federal programs to pay for all or part of their monthly premiums, annual deductibles and coinsurance. **Many beneficiaries are eligible for these savings and don't even know it.**

Members receiving assistance from Medicare for help with prescription drug costs through the Extra Help program; and members who are dual eligible through Medicare and Medicaid are also allowed to take advantage of Special Election Periods (SEP) that may not be available to other Medicare Advantage members.

CarePlus is committed to helping members maximize health benefits through our Social Services Outreach Program

We take great pride in our ability to serve our members. Participation is entirely voluntary and does not affect your enrollment as a member of CarePlus in any way. Members are not obligated to provide any personal information and any information provided will only be shared with the state and federal agencies directly responsible for determining eligibility. However, information regarding Medicaid status may be needed to confirm dual eligibility. CarePlus is only providing an initial eligibility screening and only the appropriate state agency can make a final eligibility determination. If you do not agree with our initial screening, you can apply directly at a state or federal office.

How can I get Extra Help?

The CarePlus Social Services department assists members to apply for public assistance through a variety of state and federal programs. This assistance and guidance are offered at no additional cost to you.

All you need to do is call a Member Services representative and request a Social Services referral. One of our specially-trained Social Services associates will then contact you and guide you through the application process.

Do I qualify?

Extra Help:

To be eligible for Extra Help with Medicare Prescription Drug Plan costs, you must:

- Have a monthly gross income of less than \$1,882 for an individual or less than \$2,555 for a couple*
- Have assets valued below \$17,220 for an individual or \$34,360 for a couple living together*
- Reside in the United States

The help you receive regularly from someone else to pay your household expenses does not count as income. Assets include bank accounts or stocks and bonds, but do not include your home, car, personal possessions or life insurance policies.

Medicaid:

To be eligible for Medicaid benefits through the Medicare Savings Programs, which are part of the State Medicaid Program (Dual Eligibility status**), you must:

- Be entitled to Medicare Part A
- Be a Florida resident
- Be a U.S. citizen or qualified resident
- Have a monthly gross income of less than \$1,715 for an individual or less than \$2,320 for a couple**†
- Have assets valued below \$9,430 for an individual or \$14,130 for a couple living together**

*Eligibility requirements and benefit amounts vary by state and federal program, and are subject to change. Resource and income levels for Extra Help are published by the Centers for Medicare & Medicaid Services (CMS) annually. Eligibility determination is made by the Social Security Administration and not by CarePlus.

**The Florida Department of Children and Families remains the designated state agency to determine eligibility for program services/benefits.

†A \$20 general income exclusion is included in the income amounts.
