Humana Healthy Horizons in Florida Family Planning Services

Provider Overview

Medicaid family planning services are furnished on a voluntary and confidential basis. Humana Healthy Horizons™ in Florida members:

- Can choose to get covered family planning services and supplies from any participating physician/provider
- Do not need a referral for services from in-network providers

To ensure your Humana Healthy Horizons in Florida patients get the family planning services they need when they need them you must:

- Make available appointments for postpartum visits
- Encourage all pregnant women and mothers with infants to go to scheduled postpartum visits
- Discuss appropriate methods of contraception before delivery and during postpartum visits
- Provide family planning counseling and services (including to and for a woman's partner)
- Maintain documentation in your patients' records to reflect these provisions (Section 409.967(2), F.S.)

Family planning covered services can include:

- Oral birth control
- Medroxyprogesterone acetate (Depo Provera Injection J1050)
- Implants, including Implanon and Nexplanon
- IUDs, including ParaGard, Liletta, Mirena, Skyla, and Kyleena
- Tubal ligation (For more information: **https://ahca.myflorida.com/medicaid/ review/Forms/Consent_for_sterilization.pdf**)

Refer to Florida Medicaid Drug Formulary for complete list and updates: **https://ahca. myflorida.com/medicaid/Prescribed_Drug/ pharm_thera/fmpdl.shtml**

Clinic Family Planning Services

We reimburse for the insertion and/or removal of an IUD or hormonal contraceptive implant device during a new or established family planning visit or an evaluation and management visit. **However,** we will reimburse the device service **only if** you provide and document all components of an evaluation and management visit along with the device service.

Hospital Family Planning Services

Humana network hospitals should bill all inpatient services on the same claim. We separately will reimburse for the insertion, removal, and/or device procedures from other inpatient services.

Please bill appropriate family planning diagnosis services on the UB04 claim. We will reimburse for these services without requiring an authorization or referral.

Humana
Healthy Horizons™
in Florida

Humana Healthy Horizons in Florida is a Medicaid product of Humana Medical Plan Inc.

We cover and reimburse for long-acting reversible contraception (LARC) you order:

- From the Humana Specialty Pharmacy (which you should order at least one week in advance of your patient's appointment)
- From another pharmacy

We cover and will reimburse for a LARC device using device-specific Healthcare Common Procedure Coding System (HCPCS) codes:

- **58300** – Insertion of intrauterine device
- **58301** – Removal of intrauterine device
- **57170** – Diaphragm or cervical cap fitting (with instructions)
- **11981** – Insertion of biodegradable drug-delivery implant
- **11982** – Removal of biodegradable drug-delivery implant
- **11983** – Removal and reinsertion of non-biodegradable drug-delivery implant

You also must submit a valid National Drug Code (NDC) on the claim. You can find the NDC on the product you administer to your patient. Medicaid uses 11-digit NDCs. If the NDC on the product you administer does not have 11 digits, you may need to add leading zeroes to the number.

Humana Specialty Pharmacy

You can order **Mirena**, **Skyla**, **Nexplanon**, and **Kyleena** LARCs through the Humana Specialty Pharmacy. We will deliver the LARCs to your office. Remember – you must order the LARC at least one week in advance of your patient's appointment.

Other Family Planning Services

Humana Healthy Horizons in Florida members can receive family planning counseling and contraceptives, including Depo Provera and oral birth control, at any participating CVS MinuteClinic.

Please note that this service:

- Is available for women 18 or order
- Is not available for pregnant or menopausal women
- May not be appropriate for women with certain health conditions

Humana Healthy Horizons in Florida members who choose to receive Depo Provera can bring their current prescription or an unopened single-dose vial with original packaging and validated prescription label to a MinuteClinic, or a MinuteClinic can prescribe it.

Initiating first injection guidelines:

- If last menstrual period (LMP) was within the last five days, Depo Provera can be started immediately.
- If LMP was more than five days ago and a pregnancy test is negative, practitioner must assess last episode of unprotected sex to determine if emergency contraception is required before starting Depo Provera injections. Practitioner may advise woman to return for a pregnancy test in three weeks, depending on self-reported history of unprotected sex.

Medicaid Family Planning Waiver Program

The family planning waiver program covers family planning services for eligible females age 14 through 55. Eligible females can get services for up to 24 months. Eligibility is limited to females with family incomes at or below 191 percent of the federal poverty level who have lost or are losing Florida Medicaid State Plan eligibility and are not otherwise eligible for Medicaid, Child's Health Insurance Program, or health insurance coverage that provides family planning services. For more information, call **877-254-1055**, 8 a.m. to 5 p.m. Eastern time, or go to **https://ahca. myflorida.com/Medicaid/Family_Planning/ provider.shtml**.
