

Injectable Drugs and Biologics Step Therapy Requirement for Medicare Advantage Plans

Effective Date: Jan. 1, 2023

Revision Date: Mar. 1, 2023

In August 2018, the Centers for Medicare & Medicaid Services (CMS) rescinded its September 2012 memo "Prohibition on Imposing Mandatory Step Therapy for Access to Part B Drugs and Services," which provided Medicare Advantage (MA) plans the option of applying step therapy for physician-administered and other Part B drugs.¹ Due to this change, CarePlus added step therapy requirements for some drugs on our preauthorization list in 2019.

CMS issued a final ruling on May 16, 2019, that modernizes and improves the Medicare Advantage program.² These changes updated CMS requirements for the Part B Step Therapy program and were implemented Jan. 1, 2020.

If healthcare providers do not stock our preferred drug in their office, they may be able to obtain the preferred drug from a pharmacy (i.e., a pharmacy can ship the medication to the office). A list of specialty and mail-order pharmacies can be found in the Provider Directories located on our website at www.careplushealthplans.com/members/pharmacy-directories. A full list of pharmacies is also available via the Pharmacy Finder Tool at www.careplushealthplans.com/pharmacy-finder, or by calling Member Services at 1-800-794-5907; TTY: 711. From October 1 - March 31, we are open 7 days a week, 8 a.m. to 8 p.m. From April 1 - September 30, we are open Monday - Friday, 8 a.m. to 8 p.m. You may always leave a voicemail after hours, Saturdays, Sundays, and holidays and we will return your call within one business day.

This step therapy requirement will not apply to members who already are actively receiving treatment with a nonpreferred drug and have a paid drug claim within the past 365 days.

Medicare Advantage Prescription Drug (MAPD) members subject to the step therapy requirement may:

- Request expedited exception reviews for step therapy prior authorization requests.
- Appeal a denied request for a nonpreferred drug due to step therapy requirements.

Effective Jan. 1, 2020, CarePlus no longer offers a Drug Management Care Coordination Program (DM-CCP) for members subject to step therapy and/or taking a preferred drug on the Part B Step Therapy Drug List. Per CMS guidance, health plans will not be required to combine step therapy with rewards and incentives program. Instead, MAPD plans must incorporate anticipated savings from implementing Part B step therapy into their bid amounts for each plan, which may be used to provide supplemental benefits and/or lower premiums to the plans' enrollees.

If you have questions or concerns, please call Member Services at 1-800-794-5907; TTY: 711. From October 1 - March 31, we are open 7 days a week, 8 a.m. to 8 p.m. From April 1 - September 30, we are open Monday -

Friday, 8 a.m. to 8 p.m. You may always leave a voicemail after hours, Saturdays, Sundays, and holidays and we will return your call within one business day.
