

MAIL DELIVERY

Humana Pharmacy

More and more Humana members are finding Humana Pharmacy® to be their choice for value, experience, safety, accuracy, convenience and service.

Why choose Humana Pharmacy?

Savings. Many Humana plans provide cost savings if you fill a 90-day supply of your maintenance medicine through a mail-delivery pharmacy instead of a retail pharmacy. Additionally, the pharmacy team works with you and your provider to find medicine that costs less.

Experienced pharmacy team. Pharmacists are available to answer questions about your medicine and our services.

Peace of mind. Two pharmacists check your new prescriptions to make sure they're safe to take with your other medications. The dispensing equipment and heat-sealed bottles with tamper-resistant foil help ensure quality and safety. Plus, your order comes in plain packaging for additional security.

Timely reminders. To help make sure you have the medicine and supplies you need when you need them, we can remind you when it's time to refill your medicine. Just set your preferences when you sign up at [HumanaPharmacy.com](https://www.humana.com/humana-pharmacy).

Time-saving mail delivery. Your medicine will be shipped safely and securely to the location of your choice. That means no more trips to the pharmacy. No more waiting in lines to pick up your medicine. No more hassle. You may be able to order just four times a year and have more time to do the things you enjoy.

Make Humana Pharmacy your one source

Maintenance medicine. Medicine you take all the time for conditions like high cholesterol, high blood pressure and asthma.

Specialty medicine. Specialized therapies to treat chronic or complex illnesses like rheumatoid arthritis and cancer.

The life of a prescription

1. Humana Pharmacy receives your prescription order. Your provider can send us your new prescriptions by fax, phone or electronically. Or you can send new prescriptions by mail with an order form. Order forms can be downloaded at **HumanaPharmacy.com/forms**.
2. An associate checks your pharmacy benefit coverage, enters your order and creates a unique shipment number.
3. A pharmacist checks your prescription order for accuracy and possible drug, disease or allergy interactions.
4. Approved orders go through the payment process. If your plan doesn’t cover the medicine, Humana Pharmacy will check the claim and fix the problem. If your prescription cannot be filled, Humana will contact you regarding the delay or return your prescription with an explanation.
5. An automated system fills your medicine and a pharmacist makes sure it matches the label before it’s sealed.
6. Humana Pharmacy ships the order to you, along with an invoice for your records and the required medicine information and proper dosing directions. Standard shipping is free. Faster shipping is available for an additional cost.

You should get your new prescription by mail in 7–10 days after Humana Pharmacy has all the necessary information. Your refill should arrive within 5–7 days. It may take longer if they have to call you or your provider with questions about the order.
