

## What can you do if your drug is in a higher cost-sharing tier?

We want to help make sure you can get the medications you need. If your drug is in a higher cost-sharing tier, ask your provider if there is a drug in a lower tier that might work just as well. Call Customer Care and ask for a list of covered medications that treat your condition. This can help your provider find a covered drug that might work for you. If you are unable to find a lower-cost alternative, you can ask for a tier exception.

### What is a tier exception?

A tier exception allows a higher-tier drug to be covered at a lower-tier cost with valid medical reasons to support the request. For example, with drugs in Tier 3 (non-preferred drugs) and Tier 2 (preferred brand drugs), you and your provider can ask Humana to make an exception to allow the Tier 3 or Tier 2 drug to be moved to a lower tier so that you pay less for it. Requests are reviewed and approved on a case-by-case basis.

### Prescription drug cost-sharing tiers

Prescription drugs are grouped into one of four tiers.

Tier	Drug type	Cost	Description
1	Generic or preferred generic	\$	Generic or brand drugs that are available at the lowest cost share for the plan
2	Preferred brand	\$ \$	Generic or brand drugs that the plan offers at a higher cost to you than Tier 1, and at a lower cost to you than Tier 3
3	Non-preferred	\$ \$ \$	Generic or brand drugs that the plan offers at a higher cost to you than Tier 2
4	Specialty	\$ \$ \$ \$	Some injectables and other high-cost drugs

### Requesting a tier exception

Your doctor or other prescriber must give us the medical reasons for a tier exception you are requesting. (We call this the “supporting statement.”) Your doctor or other prescriber can fax or mail the statement to us. They can call **1-800-555-CLIN (2546)**, Monday – Friday, 8 a.m. – 8 p.m., or fax the request form to **1-877-486-2621**.

Please note:

- Drugs placed in a specialty tier are not eligible for a formulary tiering exception.
- If you have already received a formulary exception to allow a noncovered drug to be covered under your plan, a tier exception cannot be applied to that same drug.
- Tier exceptions for brand drugs can only be made if there are lower-tiered brand drugs to treat the same medical condition.
