

Insulin Savings Program

Humana's new Insulin Savings Program offers affordable, predictable insulin costs.

[Find a participating plan available in your area](#)

Humana is participating in the Part D Senior Savings Program Model, which we call the Insulin Savings Program. It is available in many states and counties on Medicare Advantage Prescription Drug (MAPD) plans, as well as on the Humana Premier Rx Plan (PDP). More information about the Insulin Savings Program and member cost shares can be found in the plan's evidence of coverage (EOC). See the plan's Prescription Drug Guide for a list of Select Insulins. Members who receive Extra Help are not eligible.

You can use this document two ways:

- Click on your state from the list below, or
- Scroll down and search this document for participating plans in your state and county
