

Hospice Value-Based Insurance Design (VBID) Model

Hospice Care Assistance Allowance Benefit Community Resource Directory for In-Network Providers

The purpose of this document is to provide market-specific resources that may be an option to deliver support for needed services that could be approved and rendered as a part of the \$500 Care Assistance Allowance available to Humana members that elect to receive hospice care from an in-network provider.

Hospice providers are encouraged to work directly with a vendor to quote their ability to provide needed goods or services prior to contacting your Humana Hospice Centralized Team Care Manager for approval.

Utilizing a vendor on this list still requires providers to complete the steps outlined in the Provider Operational Guidelines to vet vendors for preclusion at the time services are requested.

Table of Contents

Section	Page
