The Preferred Drug List for Humana Healthy Horizons® in Florida may change during the year. These changes could mean that a drug is no longer preferred or that it has new rules for us to cover it. Below is a list of drugs that have changed.

How to read your Preferred Drug List changes

- **Drug list removal:** These drugs were preferred but are now being removed from the drug list. If your drug is removed from the drug list, you may have to pay the full price of your drug.
- **Prior authorization (PA):** These drugs need approval by Humana Healthy Horizons before we will cover them. This is called prior authorization.

Your next steps

- **Talk to your doctor soon.** You should share this list with your doctor. They can help you decide what to do next.
- **Request approval.** If alternative drugs do not work for you, your doctor must tell Humana Healthy Horizons why you need your current drug. Your doctor can find the steps to request approval at [Humana.com/PA](https://www.humana.com/PA).

Some drugs on the Preferred Drug List for Humana Healthy Horizon® in Florida may change during the plan year. These changes could mean that the drug no longer is preferred or that it has new requirements for us to cover it. Below is a list of drugs that have changed. Talk to your doctor about possible alternative drugs, if a drug you take is affected.

How to read your preferred drug list changes

Drug removal: These drugs were previously preferred but no longer are preferred. We will remove the drug from the Drug List. If you fill or refill any drug that is not on the Drug List, you may have to pay the full cost of your drug. Talk to your doctor about the proposed alternative drug, if a drug you take is removed from the Drug List.

Prior authorization (PA): Some drugs may need to be approved by Humana before we will cover it. This is called prior authorization. Your doctor will need to contact Humana to get approval for us to cover you using these drugs.
