

Expanded Preventive Drug List

Effective January 1, 2022

Welcome to Humana.

The Expanded Preventive Drug List is a list of covered medicines selected by Humana based upon Internal Revenue Service (IRS) guidance permitting the expansion of preventive medication coverage for an HSA qualified health benefit plan. The medicines listed are not associated with the \$0 cost-share preventive coverage requirements of Healthcare Reform (HCR)/Affordable Care Act (ACA). For the HCR/ACA list, please click the following link:

<http://apps.humana.com/marketing/documents.asp?file=4288141>.

When your employer's coverage selections include the expanded preventive medication coverage, the preventive medicines on this list are available to you before your deductible is met. Please visit **Humana.com** and log into MyHumana to view specific prescription drug benefits, including copayments or cost-share, limitations and exclusions. This list is subject to change based on new preventive care recommendations or federal guidance.

The preventive list is divided into therapeutic categories. The second column of the chart lists drug names in alphabetical order. Brand medicines are listed in UPPER CASE and generic medicines are listed in lower case. Some medicines may have additional requirements or limits on coverage. These requirements and limits may include prior authorization, quantity limits and step therapy. To understand your plan's prescription drug benefit, sign in to Humana.com. You can also call a Humana Customer Service representative at the phone number on the back of your Humana member ID card. Some restrictions may apply.
