

What is Creditable Coverage?

Prescription drug coverage is creditable if the actuarial value of the coverage equals or exceeds the actuarial value of defined standard prescription drug coverage under Medicare Part D, and demonstrated through the use of generally accepted actuarial principles and in accordance with CMS guidelines. Humana has performed a bulk testing of Humana Rx plans and verified that the plans listed on this document either PASS or FAILED the gross actuarial value test for creditable coverage. This is indicated by a “YES” or “NO” under the Creditable Coverage column. However, according to CMS guidelines, the employers are responsible for assessing that the plan(s) they’ve selected and implemented actually provides creditable coverage.

User Instruction

This document was created to assist a user in determining whether a Humana Rx plan is considered creditable coverage for 2022.

Step 1: Review your Summary of Benefit and Coverage and make note of the following plan design elements:

- Non-HDHP plans:
 - Rx type (e.g. RX3 and RX4)
 - In-Network Rx Deductible
 - In-Network Rx copay and/or coinsurance
 - In-Network Maximum Out-of-Pocket (MOOP)
 - Pre-ACA plans (e.g. grandfathered or transitional relief plans) usually have NO MOOP or Rx-only MOOP that applies to specialty drugs only.
 - 2014+ generation plans: you will need Medical/Rx integrated MOOP that applies to all tier.
- HDHP plans:
 - HDHP type (e.g. Aggregate vs. Embedded)
 - In-Network Plan Coinsurance
 - In-Network Plan Deductible
 - In-Network Maximum Out-of-Pocket (MOOP)
 - Rx copay and/or coinsurance after plan deductible if applicable (e.g. Rx4 after deductible is met).

Small Group Pharmacy Plans for Creditable Coverage 2022

Step 2: Review the "List of Available Tables" below and determine which table most resembles the plan design defined in Summary of Benefit and Coverage.

List of Available Tables

- Pre-2014 Generation RX3 (No Specialty Tier)
- Pre-2014 Generation RX4
- 2014+ Generation RX3 + Specialty
- 2014+ Generation RX4
- 2014+ Generation RX5
- RxImpact Allowance
- Aggregate HDHP
- Embedded HDHP
- Aggregate HDHP with RX4
- Embedded HDHP with RX4
- RX5 Blended

Step 3: Refer to the appropriate table and locate your plan design.

Example #1

Rx Plan Design: RX4 10/20/40/25%

Rx Deductible: \$0 Tier 4 MOOP: \$2500 All Tier MOOP: Unlimited

As this plan has tier 4 MOOP and no all tier MOOP, this is pre-ACA Rx4 plan.

It is the first plan on the Pre-2014 Generation RX4 Table and is considered as creditable coverage for 2022.

**Small Group
Pharmacy Plans for Creditable Coverage 2022**

Example #2

Rx Plan Design: RX5 5/20/50/100/500

Rx Deductible: \$0

All Tier MOOP: \$7900

As this plan has Med/Rx integrated MOOP that applies to all tier, this is 2014+ generation Rx4 plan.

It is the last plan on the 2014+ Generation RX5 Table and is considered as creditable coverage for 2022.
