Additional Information:

- Most Part D diabetic supplies are covered at 100%.
- Part D vaccines are covered at 100%, excluding foreign travel vaccines.

There may be generic and brand-name drugs, as well as Medicare-covered drugs, in each of the tiers. To identify commonly prescribed drugs in each tier, see the Prescription Drug Guide/Formulary.

ADDITIONAL DRUG COVERAGE

Original Medicare excluded drugs

Certain drugs excluded by Original Medicare are covered under this plan. You pay the cost share associated with the tier level for certain Cough/Cold, Fertility, Vitamins/Minerals, Weight Loss drugs. The amount you pay when you fill a prescription for these drugs does not count towards qualifying you for the Catastrophic Coverage stage. Contact Humana Group Medicare Customer Care at 1-888-700-2263.

Coverage Gap

Most Medicare drug plans have a coverage gap (also called the "donut hole"). The coverage gap begins after the total yearly drug cost (including what our plan has paid and what you have paid) reaches **\$4,430**.

You will continue to pay the same amount as when you were in the initial coverage stage.

Catastrophic Coverage

After your yearly out-of-pocket drug costs (including drugs purchased through your retail pharmacy and through mail order) reach **\$7,050**, you pay the greater of:

- **\$3.95** for generic (including brand drugs treated as generic) and a **\$9.85** copay for all other drugs, or
- **5%** coinsurance (**\$100** maximum out-of-pocket per prescription for a 30 day supply, **\$200** maximum out-of-pocket per prescription for a 90 day supply) regardless of tier.
