## Payments

Plan benefits are paid based on maximum allowable fees, as defined in your Summary Plan Description. In-network providers agree to accept maximum allowable fees, as listed in negotiated payment schedules, as payment in full.

For services rendered by out-of-network providers, the member is responsible for charges exceeding a maximum allowable fee selected by your employer. For services from other out-of-network providers as well as emergency, ambulance and/or urgent services received while out of the service area that are covered at in-network provider benefit levels, the member may be responsible for charges that exceed maximum allowable fees.

Humana's medical plans are self-insured, which means that certain state-mandated benefits may not be covered. To be covered, services must be medically necessary and specified as covered. Certain services require prior authorization.

Please see your Summary Plan Description for more information on medical necessity and other specific plan benefit limitations.

<sup>1</sup>Coinurance (member amount) for out-of-network pharmacies does not apply to the maximum out-of-pocket limits.

<sup>2</sup>Brand-name contraceptives are covered at 100% before deductible only when no generic alternative is available in that class or category.

<sup>3</sup>Breastfeeding supplies and devices must be purchased or rented from an in-network DME provider or qualified healthcare practitioner to be covered at 100% before deductible. Humana does not cover breast pumps or supplies purchased at a retail store.

<sup>4</sup>Humana sometimes requires preauthorization for some services and procedures your physician or other provider may recommend for you. Humana does this solely to determine whether the service or procedure qualifies payment under your benefit plan. You and your healthcare provider decide whether you should have such services or procedures. Humana's preauthorization determination relates solely to payment by Humana. To find a list of services and supplies that require preauthorization for coverage, please visit our website at [Humana.com/members/tools](https://www.humana.com/members/tools) or call Customer Care. Failure to obtain necessary preauthorization when required may result in a reduction of otherwise payable benefits. Your healthcare practitioner should call Customer Care to obtain preauthorization.

<sup>5</sup>Services received before or after the deductible is met will apply to the member's day/visit limit as specified by the given benefit.

<sup>6</sup>The National Transplant Network includes in-network providers for transplant services. All other providers will be considered out-of-network providers.

<sup>7</sup>In-network and out-of-network expenses combine to the maximum benefit of \$10,000 per covered person, per lifetime.

<sup>8</sup>In-network and out-of-network visit limits combine to a maximum of 12 visits per covered person, per plan year.

<sup>9</sup>Preventive Rx includes generic and preferred brand-name medicines (without a generic equivalent) for diabetes and diabetic supplies, heart (blood pressure and cholesterol) and blood agents/thinners.

<sup>10</sup>Member is also responsible for 100% of charges over the default rate.
