

Effective June 11, 2022, Humana Pharmacy® becomes CenterWell Pharmacy™. This name change reflects the pharmacy's commitment to put your patients at the center of all it does. This brand change also applies to Humana Specialty Pharmacy®, which becomes CenterWell Specialty Pharmacy™, and PrescribeIT Rx, which becomes CenterWell Pharmacy.

**Why is Humana Pharmacy changing its name?** The new CenterWell name reflects the combination of patient centricity, wellness and care that is fully centered on the patient. The new name also lays the foundation for an ever-improving pharmacy experience that is personalized, easy and committed to providing safe and reliable prescription home delivery.

As it gets closer to the date of the name change, we will share details on e-prescribing and ways to best leverage the new pharmacy. Thank you for being a valued partner to Humana Healthy Horizons® in Florida.
