Vaccines protect your health—understand your vaccines coverage under Part D

Your vaccine coverage under Part D

Your Humana Medicare Part D plan covers all commercially available vaccines—**except for those covered by Part B**—as long as the vaccine is reasonable and necessary to prevent illness.

Get vaccines like the ones listed below at a network pharmacy

You can find a complete list of network pharmacies at finder.humana.com/finder/pharmacy.

Here are some common vaccines that you should get at your pharmacy, not from your doctor.

- **Shingles:** A virus that causes a painful rash in people who have previously had chickenpox.
- **Tdap:** This booster vaccine protects against tetanus, diphtheria and pertussis (whooping cough). (If you need a tetanus shot due to injury, Medicare Part B will cover that from your doctor.)
- **Hepatitis A:** This highly contagious liver infection can range in severity from a mild illness lasting a few weeks to a severe illness lasting several months.

2023 enhanced vaccine and insulin coverage

Reduced out-of-pocket costs for Part D vaccines and Humana covered insulin benefits include:

- **\$0 vaccines:** Member cost share of all Part D vaccines listed on the Advisory Committee on Immunization Practices (ACIP) list¹ will be **\$0**.
- **\$35 insulin copay:** Member cost share of this plan's covered insulin products covered under Part D will be **no more than \$35** for every one-month (up to a 30-day) supply.

Important information for your pharmacist

Let your pharmacist know to use **BIN 015581** and **PCN 03200000** when filling your prescription for items covered under Part D.

Got questions?

Because vaccines are covered differently at the provider's office and the pharmacy, you may want to call first to understand how your insurance covers a specific vaccine. Call the Customer Care number on the back of your Humana member ID card or sign in to **MyHumana.com**.

¹For more information regarding the Centers for Disease Control and Prevention's ACIP vaccine recommendations, please go to www.cdc.gov/vaccines/hcp/acip-recs/vacc-specific/index.html.
