

Commonly Prescribed Drug List

The Commonly Prescribed Drug List is a guide to prescription drugs in select therapeutic categories that are nonpreferred and their respective preferred alternatives. This is not an all-inclusive list. Humana Healthy Horizons® in South Carolina members may have to pay full retail price for prescription drugs listed in the *Nonpreferred drug(s)* column. Prescription drugs listed in the *Preferred alternative(s)* column are the most affordable options.

If the preferred alternative drug does not work for your patient or would have an adverse effect on your patient's health, you can request an exception. You can find the steps to request an exception at [Humana.com/PA](https://www.humana.com/PA).
