## **Introduction**

This document is called the *List of Covered Drugs* (also known as the Drug List). It tells you which prescription drugs and over-the-counter drugs and items are covered by Humana Gold Plus Integrated. The Drug List also tells you if there are any special rules or restrictions on any drugs covered by Humana Gold Plus Integrated. Key terms and their definitions appear in the last chapter of the *Member Handbook*.

## B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this List of Covered Drugs. You can read all of the FAQ to learn more, or look for a question and answer.

---

### B1. What prescription drugs are on the List of Covered Drugs? (We call the List of Covered Drugs the "Drug List" for short.)

The drugs on the List of Covered Drugs that starts on page 13, are the drugs covered by Humana Gold Plus Integrated. These drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as "network pharmacies."

- Humana Gold Plus Integrated will cover all medically necessary drugs on the Drug List if:
  - your doctor or other prescriber says you need them to get better or stay healthy, **and**
  - you fill the prescription at a Humana Gold Plus Integrated network pharmacy.
- Humana Gold Plus Integrated may have additional steps to access certain drugs (refer to question #B4 below).

You can also find an up-to-date list of drugs that we cover on our website at **Humana.com/IllinoisGoldPlusIntegrated** or call Customer Care at 1-800-787-3311 (TTY: 711) Monday - Friday, from 8 a.m. - 8 p.m. Central Time. The call is free.

---

### B2. Does the Drug List ever change?

Yes, and Humana Gold Plus Integrated must follow Medicare and Medicaid rules when making changes. We may add or remove drugs on the Drug List during the year. For example, we could:

- Decide to require or not require prior authorization (PA) or approval for a drug. (Prior approval is permission from Humana Gold Plus Integrated before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we will cover another drug.)

For more information on these drug rules, refer to question B4.

If you are taking a drug that was covered at the **beginning** of the year, we will generally not remove or change coverage of that drug **during the rest of the year** unless:

- a new, cheaper drug comes along that works as well as a drug on the Drug List now, **or**
- we learn that a drug is not safe, **or**
- a drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the Drug List changes.

- You can always check Humana Gold Plus Integrated's up-to-date Drug List online at **Humana.com/IllinoisGoldPlusIntegrated**.
- You can also call Customer Care to check the current Drug List at 1-800-787-3311 (TTY: 711) Monday – Friday, from 8 a.m. - 8 p.m. Central Time. The call is free.

If you have questions, please call Humana Gold Plus Integrated (Medicare-Medicaid Plan) at 1-800-787-3311 (TTY: 711), 8 a.m. to 8 p.m., Monday through Friday, Central time. The call is free. For more information, visit **Humana.com/IllinoisGoldPlusIntegrated**.

---

### B3. What happens when there is a change to the Drug List?

Some changes to the Drug List will happen immediately. For example:

- **A new generic drug becomes available.** Sometimes, a new and a cheaper drug comes along that works just as well, as a drug on the Drug List now. When that happens, we may remove the current drug, but your cost for the new drug will stay the same. When we add the new generic drug, we may also decide to keep the current drug on the list but change its coverage rules or limits.
  - We may not tell you before we make this change, but we will send you information about the specific change we made once it happens.
  - You or your provider can ask for an exception from these changes. We will send you a notice with the steps you can take to ask for an exception. Please refer to question B10 for more information on exceptions.
- **A drug is taken off the market.** If the Food and Drug Administration (FDA) says a drug you are taking is not safe, or the drug's manufacturer takes a drug off the market, we will take it off the Drug List. If you are taking the drug, we will let you know.

**We may make other changes that affect the drugs you take.** We will tell you in advance about these other changes to the Drug List. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We add a generic drug that is not new to the market and
  - Replace a brand name drug currently on the Drug List **or**
  - Change the coverage rules or limits for the brand name drug.

When these changes happen, we will:

- Tell you at least 30 days before we make the change to the Drug List **or**
- Let you know and give you a 30-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor **or** other prescriber. He or she can help you decide:

- If there is a similar drug on the Drug List you can take instead **or**
- Whether to ask for an exception from these changes. To learn more about exceptions, refer to question B10.

---

If you have questions, please call Humana Gold Plus Integrated (Medicare-Medicaid Plan) at 1-800-787-3311 (TTY: 711), 8 a.m. to 8 p.m., Monday through Friday, Central time. The call is free. For more information, visit [Humana.com/IllinoisGoldPlusIntegrated](http://Humana.com/IllinoisGoldPlusIntegrated).

#### **B4. Are there any restrictions or limits on drug coverage? Or are there any required actions to take in order to get certain drugs?**

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior authorization (PA) or approval:** For some drugs, you or your doctor or other prescriber must get PA from Humana Gold Plus Integrated before you fill your prescription. If you don't get approval, Humana Gold Plus Integrated may not cover the drug.
- **Quantity limits:** Sometimes Humana Gold Plus Integrated limits the amount of a drug you can get.
- **Step therapy:** Sometimes Humana Gold Plus Integrated requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your doctor thinks the first drug doesn't work for you, then we will cover the second.
- **Indication-based coverage:** If Humana Gold Plus Integrated covers a drug only for some medical conditions, we clearly identify it on the Drug List along with the specific medical conditions that are covered.

You can find out if your drug has any additional requirements or limits by looking in the tables beginning on page 14. You can also get more information by visiting our website at **Humana.com/IllinoisGoldPlusIntegrated**. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

You can ask for an exception from these limits. This will give you time to talk to your doctor or other prescriber. He or she can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception. Please refer to question B10-B12 for more information about exceptions.

---

#### **B5. How will I know if the drug I want has limitations or if there are required actions to take to get the drug?**

The table on page 13 has a column labeled "Necessary actions, restrictions, or limits on use."

---

#### **B6. What happens if Humana Gold Plus Integrated changes their rules about some drugs(for example, PA or approval, quantity limits, and/or step therapy restrictions)?**

In some cases, we will tell you in advance if we add or change PA, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about the drugs on the Drug List change.

---

#### **B7. How can I find a drug on the Drug List?**

There are two ways to find a drug:

- You can search alphabetically by the drug's name, **or**
- You can search by medical condition.

To search **alphabetically**, go to the Alphabetical Listing section. You can find it by beginning on page 113.

To search **by medical condition**, find the section labeled "Drugs Grouped by medical condition" on page 153. The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, heart-related conditions. That is where you will find drugs that treat heart conditions.

---

## **88. What if the drug I want to take is not on the Drug List?**

If you don't find your drug on the Drug List, call Customer Care at 1-800-787-3111 (TTY: 711) Monday - Friday, from 8 a.m. - 8 p.m. Central Time and ask about it. The call is free. If you learn that Humana Gold Plus Integrated will not cover the drug, you can do one of these things:

- Ask Customer Care for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. He or she can prescribe a drug on the Drug List that is like the one you want to take. **Or**
  - You can ask the health plan to make an exception to cover your drug. Please refer to question B11 for more information about exceptions.
- 

## **89. What if I am a new Humana Gold Plus Integrated member and can't find my drug on the Drug List or have a problem getting my drug?**

We can help. We may cover a temporary 30-day supply of your drug during the first 90 days you are a member of Humana Gold Plus Integrated. This will give you time to talk to your doctor or other prescriber. He or she can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we will allow multiple fills to provide up to a maximum of 30 days of medication.

We will cover a 30-day supply of your drug if:

- you are taking a drug that is not on our Drug List, **or**
- health plan rules do not let you get the amount ordered by your prescriber, **or**
- the drug requires PA by Humana Gold Plus Integrated, **or**
- you are taking a drug that is part of a step therapy restriction.

If you live in a nursing home or other long-term care facility, and need a drug that is not on the Drug List or if you cannot easily get the drug you need, we can help. If you have been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

- We will cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you are a new Humana Gold Plus Integrated member.
- This is in addition to the temporary supply during the first 90 days you are a member of Humana Gold Plus Integrated.

### **If you change treatment settings**

During the plan year, you may change treatment settings because of a change in the level of your care. For instance, you may:

- Move from a hospital or skilled nursing facility to a home setting
- Move from a home setting to a hospital or skilled nursing facility
- Move from one skilled nursing facility to another, so you need to use a new pharmacy
- Stop staying at a skilled nursing facility where Medicare Part A covered your prescription drugs, so you need to use Part D now
- Give up your Hospice status, so you need to use Medicare Parts A and B now
- Leave a long-term psychiatric hospital where your drugs were tailored to you

In such cases, we will cover up to **31 days** worth of a drug that Medicare Part D covers when you get the drug at a pharmacy.

**If you change treatment settings more than once in the same month** you may need to ask us to make an exception, **or** approve your drug in advance.

We will look at your request to see if you have a treatment plan, **and** changing it would harm your health.

**If you have questions,** please call Humana Gold Plus Integrated (Medicare-Medicaid Plan) at 1-800-787-3311 (TTY: 711), 8 a.m. to 8 p.m., Monday through Friday, Central time. The call is free. **For more information,** visit [Humana.com/IllinoisGoldPlusIntegrated](http://Humana.com/IllinoisGoldPlusIntegrated).

## If you need more time

We may extend your transition supply. This will let you keep getting your drug while we look at your appeal, **or** request for an exception.

## After you get a transition supply of a Part D drug

We may need to do a medical review of the drug if:

- The drug is not on our approved list, **or**
- We need to approve it in advance because:
  - There are limits on the amount you can get
  - You need to try a less costly drug first, **or**
  - We need to know some facts about your health

## If we need to know some facts about your health

Your doctor can give us these facts. This will help us work on your request to approve your drug in advance or make an exception if:

- Your drug is not on our approved list
- We need to approve your drug in advance, **or**
- You have tried other drugs to treat your health problem

## To ask for an exception

Ask your doctor to send us a letter. The letter must say that you need this drug to treat your health problem because the drugs we **do** cover:

- Would not work as well to treat your health problem, **or**
- Would harm your health

The letter must explain why the limit we placed on your drug:

- Is not fitting given your health problem, **or**
- Would harm your health

In most cases, we must tell you our decision no more than **72 hours** after we get your doctor's letter. We will grant you a fast request if we find, or your doctor tells us, that waiting for a standard request could harm your life, health, or ability to function. With a fast request, we must tell you our decision no more than **24 hours** after we get your doctor's letter.

## If we say no to your request for an exception

You can ask us if we cover another drug for your health problem if:

- The drug is **not** on our approved list, **or**
- Your drug **is** on our list, but:
  - We need to approve your drug in advance
  - You need to try a less costly drug first, **or**
  - There are limits on the amount you can get

Ask your doctor if this drug is a good choice for you.

You can also ask us to review our decision. You must make this appeal no more than **60 days** after our first decision.

## We can help

We can help you and your doctor:

- Ask for an exception
- Make an appeal
- Find another drug for your health problem
- Learn more about your Transition Policy

**If you have questions,** please call Humana Gold Plus Integrated (Medicare-Medicaid Plan) at 1-800-787-3311 (TTY: 711), 8 a.m. to 8 p.m., Monday through Friday, Central time. The call is free. **For more information,** visit [Humana.com/IllinoisGoldPlusIntegrated](http://Humana.com/IllinoisGoldPlusIntegrated).

You and your doctor can also get forms to ask us to:

- Approve your drug in advance
- Make an exception

Just call the customer service number on the back of your Humana member ID card. Or go to our website, [Humana.com/IllinoisGoldPlusIntegrated](http://Humana.com/IllinoisGoldPlusIntegrated).

### **Pharmacy and Therapeutics (P&T) committee**

This committee watches over our Part D drug list and related rules. It made these rules for certain Part D drugs. The rules are meant to make sure the drugs:

- Are used per medical guidelines
- Have been proven safe and effective for the health problem they are treating
- Are prescribed per the maker's guidelines

---

### **B10. Can I ask for an exception to cover my drug?**

Yes. You can ask Humana Gold Plus Integrated to make an exception to cover a drug that is not on the Drug List.

You can also ask us to change the rules on your drug.

- For example, Humana Gold Plus Integrated may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or prior approval requirements.

---

### **B11. How can I ask for an exception?**

To ask for an exception, call Humana Clinical Pharmacy Review (HCPR) at 1-800-555-CLIN (2546) (TTY: 711) Monday - Friday, from 8 a.m. - 8 p.m. Central Time. Humana Clinical Pharmacy Review will work with you and your provider to help you ask for an exception. You can also read Chapter 9, of the *Member Handbook* to learn more about exceptions.

If you have questions, please call Humana Gold Plus Integrated (Medicare-Medicaid Plan) at 1-800-787-3311 (TTY: 711), 8 a.m. to 8 p.m., Monday through Friday, Central time. The call is free. For more information, visit [Humana.com/IllinoisGoldPlusIntegrated](http://Humana.com/IllinoisGoldPlusIntegrated).

---

## **B12. How long does it take to get an exception?**

After, we request a statement from your prescriber supporting your request for an exception, we will give you a decision within 72 hours.

### **To ask for an exception**

Ask your doctor to send us a letter. The letter must say that you need this drug to treat your health problem because the drugs we **do** cover:

- Would not work as well to treat your health problem, **or**
- Would harm your health

The letter must explain why the limit we placed on your drug:

- Is not fitting given your health problem, **or**
- Would harm your health

In most cases, we must tell you our decision no more than **72 hours** after we get your doctor's letter. We will grant you a fast request if we find, or your doctor tells us, that waiting for a standard request could harm your life, health, or ability to function. With a fast request, we must tell you our decision no more than **24 hours** after we get your doctor's letter.

You and your doctor can also get forms to ask us to:

- Approve your drug in advance
- Make an exception

Just call the customer service number on the back of your Humana member ID card. Or go to our website, **Humana.com/IllinoisGoldPlusIntegrated**.

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber's supporting statement.

---

## **B13. What are generic drugs?**

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA).

Humana Gold Plus Integrated covers both brand name drugs and generic drugs.

---

## **B14. What are OTC drugs?**

OTC stands for "over-the-counter".

Humana Gold Plus Integrated covers some OTC drugs when they are written as prescriptions by your provider.

You can read the Humana Gold Plus Integrated Drug List to find out what OTC drugs are covered.

**If you have questions,** please call Humana Gold Plus Integrated (Medicare-Medicaid Plan) at 1-800-787-3311 (TTY: 711), 8 a.m. to 8 p.m., Monday through Friday, Central time. The call is free. **For more information,** visit **Humana.com/IllinoisGoldPlusIntegrated**.

---

## **B15. Does Humana Gold Plus Integrated cover non-drug OTC products?**

Humana Gold Plus Integrated covers some non-drug OTC products when they are written as prescriptions by your provider.

You can read the Humana Gold Plus Integrated Drug List to see what non-drug OTC products are covered.

---

## **B16. What is my copay?**

As a Humana Gold Plus Integrated member, you have no copays for prescription and OTC drugs as long as you follow Humana Gold Plus Integrated's rules.

---

## **B17. What are drug tiers?**

Tiers are groups of drugs on our Drug List.

- Tier 1 drugs are generic drugs
- Tier 2 drugs are brand name drugs
- Tier 3 drugs are Non-Medicare Rx Drugs
- Tier 4 drugs are Non-Medicare OTC drugs

If you have questions, please call Humana Gold Plus Integrated (Medicare-Medicaid Plan) at 1-800-787-3311 (TTY: 711), 8 a.m. to 8 p.m., Monday through Friday, Central time. The call is free. For more information, visit [Humana.com/IllinoisGoldPlusIntegrated](http://Humana.com/IllinoisGoldPlusIntegrated).

## C. Overview of List of Covered Drugs

The following list of covered drugs gives you information about the drugs covered by Humana Gold Plus Integrated. If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins on page 113. The index alphabetically lists all drugs covered by Humana Gold Plus Integrated.

The first column of the chart lists the name of the drug. Brand name drugs are capitalized (e.g., ABILIFY) and generic drugs are listed in lower-case italics (e.g., acarbose).

The information in the necessary actions, restrictions, or limits on use column tells you if Humana Gold Plus Integrated has any rules for covering your drug.

**Note:** The (\*) next to a drug means the drug is not a "Part D drug." The amount you pay when you fill a prescription for this drug does not count towards your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage).

- In addition, if you are getting Extra Help to pay for your prescriptions, you will not get any extra help to pay for these drugs. For more information on Extra Help, please refer to the call-out box below.

Extra Help is a Medicare program that helps people with limited incomes and resources reduce Medicare Part D prescription drug costs, such as premiums, deductibles, and copays. Extra Help is also called the "Low-Income Subsidy," or "LIS."

- These drugs also have different rules for appeals. An appeal is a formal way of asking us to review a coverage decision and to change it if you think we made a mistake. For example, we might decide that a drug that you want is not covered or is no longer covered by Medicare or Medicaid.
- If you or your doctor disagrees with our decision, you can appeal. To ask for instructions on how to appeal, call Customer Care at 1-800-787-3311 (TTY: 711), Monday - Friday, from 8 a.m. - 8 p.m. Central Time. The call is free. You can also read Chapter 9, of the Member Handbook to learn how to appeal a decision.

### C1. Drugs Grouped by Medical Condition

The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, heart-related conditions. That is where you will find drugs that treat heart conditions.

Here are the meanings of the codes used in the "Necessary actions, restrictions, or limits on use" column:

QL = Quantity Limit: only a specific quantity of a drug is allowed per a given period of days.

PA = Prior authorization (approval): you must have approval from the plan before you can get this drug.

ST = Step therapy: you must try another drug before you can get this one.

DL = Dispensing Limit: Drugs that may be limited to a 30 day supply.

BvsD = Medicare Part B or Part D review (approval): administration location of the drug is reviewed and must be approved before the plan will cover the cost of this drug.

(\*) = Not a Part D Drug.

MO = Drug is typically available through mail-order.

LA = Limited Access; The health plan has authorized certain pharmacies to dispense this medicine, as it requires extra handling, doctor coordination or patient education. Please call the number on the back of your ID card for additional information.

If you have questions, please call Humana Gold Plus Integrated (Medicare-Medicaid Plan) at 1-800-787-3311 (TTY: 711), 8 a.m. to 8 p.m., Monday through Friday, Central time. The call is free. For more information, visit [Humana.com/IllinoisGoldPlusIntegrated](http://Humana.com/IllinoisGoldPlusIntegrated).
