

**Great news—Part B Insulin benefits on Humana’s Medicare Advantage plans are getting even better in 2023.**

At Humana, we strive to help our members achieve total health so that they may live their best lives, which includes efforts to provide our members with access to more affordable prescription drugs.

With the passing of the Inflation Reduction Act, all Medicare Advantage plans will have enhanced benefits in 2023:

**Effective July 1, 2023**, cost sharing for covered Part B Insulin furnished through a covered item of durable medical equipment will be no more than \$35 for a one-month (up to 30-day) supply and if your plan has a deductible, it does not apply to Part B Insulin. Part B Insulin is most commonly used through an insulin pump.

Note, plan information provided in your previous member materials may not reflect these 2023 benefit enhancements from the passing of the Inflation Reduction Act.
