Part I – Subscriber information: Complete all areas of "Subscriber information." Please print your information as clearly as possible.

Part II – Reimbursement request: Check or complete the appropriate boxes. All healthcare expenses should first be filed under your employer's healthcare plan, or any other coverage you may have, before you request reimbursement from your spending account.
This form is to be used only to request reimbursement for:

- Allowable expenses that are not fully paid or reimbursed by any other benefit plans (e.g. co-pays, coinsurance, out of pocket). Please attach a copy of the plan's Explanation of Benefits (EOB) as documentation.
- Expenses not allowed by your healthcare plan. Please attach itemized bills or receipts that show the name and address of the provider who performed the service.

EOB statement: This is the statement you receive each time you or a healthcare provider submits medical, dental, or vision claims to your plan for payment. The EOB will show the amount of expenses paid by the plan and the amount you must pay.

Supporting documentation – Healthcare expenses
In addition to filling out this form, you must attach acceptable documentation. **Some plans require an EOB. If this expense was not covered by your insurance carrier, we will accept an itemized receipt. If you have an EOB for this expense, you must send it to us with this form, or your claim may not be paid.**

For expenses not covered by your (or your dependent's) medical, dental, or vision plans, reimbursement requests will not be processed without acceptable documentation.

The following rules apply to dependent care expenses:
