

Virtual care where you're most comfortable

Telehealth visits are available through your Humana plan

The doctor is in, even if you can't or don't want to go into an office. Telehealth visits allow you to get nonemergency medical care through your phone,* tablet or computer.†

Telehealth could be used for chronic condition management, follow-up care after an in-office visit, medication reviews and refills, and much more—just like an in-office visit.

Remember, when you have a life-threatening injury or major trauma, call 911.

**Ask your trusted provider if they offer telehealth visits and if so,
what you need to do to get started**

If you don't have a primary care provider or if your provider doesn't offer virtual visits, you can use the "Find a doctor" tool on [Humana.com](https://www.humana.com) or call the number on the back of your member ID card to get connected with a provider that offers this service.

*Depending on the initial consultation, video may be required for telehealth visits.

†Standard data rates may apply.

**Delivering the care you need securely, conveniently
and on your terms—that's human care.**

Humana®

Humana is a Medicare Advantage HMO and PPO organization and a standalone prescription drug plan with a Medicare contract. Enrollment in any Humana plan depends on contract renewal.

Limitations on telehealth services, also referred to as virtual visits or telemedicine, vary by state. These services are not a substitute for emergency care and are not intended to replace your primary care provider or other providers in your network. Any descriptions of when to use telehealth services are for informational purposes only and should not be construed as medical advice. Please refer to your Evidence of Coverage for additional details on what your plan may cover or other rules that may apply.
