The following list describes services and medications that are commonly reviewed and may require additional clinical information. Medications include those delivered in the physician's office, clinic, outpatient or home setting.

Please note that the term "preauthorization"—also known as prior authorization, precertification and preadmission—is a process through which the physician or other healthcare provider is required to obtain advance approval from the plan as to whether an item or service will be covered.

"Notification" refers to the process of the physician or other healthcare provider notifying Humana of the intent to provide an item or service. Humana requests notification to help coordinate care for Humana-covered patients. This process is distinguished from preauthorization. Humana does not issue an approval or denial related to a notification.

Investigational and experimental procedures usually are not covered benefits. Please consult the patient's certificate of coverage or contact Humana for confirmation of coverage.

## **Important notes:**

## South Carolina Medicaid members:

- In addition to the information noted above, certain services outlined in the Medicaid Preauthorization and Notification List may not be applicable for practitioners affiliated with an independent practice association (IPA) via a capitated or delegated arrangement. Please refer to your provider agreement for clarification.
- Exclusions may change; please refer to Humana.com/Provider for up-to-date information.
   Choose "Authorization/Referrals" and then the appropriate topic.
- The enclosed Preauthorization and Notification List applies only to Humana Healthy
  Horizons in South Carolina. It does not apply to Humana commercial, Medicare or other
  state Medicaid plans.
- Emergent services do not require a referral or preauthorization.

Humana Healthy Horizons in South Carolina is a Medicaid product of Humana Benefit Plan of South Carolina Inc.

- Failure by a healthcare provider to obtain authorization/notification prior to the date of service could result in denial of services. Services or medications provided without preauthorization may be subject to retrospective medical necessity review. We recommend that an individual practitioner making a specific request for services or medications verify benefits and preauthorization requirements with Humana prior to providing services.
