The Preferred Drug List for Humana Healthy Horizons® in Oklahoma may change during the year. These changes could mean that a drug is no longer preferred or that it has new rules for us to cover it. Below is a list of drugs that have changed.

### How to read your drug list changes

- **Drug list removal:** These drugs were preferred but are now being removed from the drug list. If your drug is removed from the drug list, you may have to pay the full price of your drug.
- **Prior authorization:** These drugs need approval by Humana Healthy Horizons® before we will cover them. This is called prior authorization.
- **Step therapy:** These drugs have a requirement to try at least one other drug first.

### Your next steps

- **Talk to your healthcare provider soon.** You should share this list with your provider. They can help you decide what to do next.
- **Request approval.** If alternative drugs do not work for you, your provider must tell Humana Healthy Horizons® why you need your current drug. Your provider can find the steps to request approval at [Humana.com/PA](https://www.humana.com/PA).
