

Prior Carrier Deductible Credit

During the current calendar year, credit will be given for any amounts applied toward the deductible under your prior group health insurance carrier's plan. If you met all or a portion of your deductible with your prior carrier, you may receive credit for that amount on your Humana plan.

Humana will credit the amount of deductible met with the prior carrier, up to the new Humana deductible amount, if the following two requirements are met:

- You were active with the employer's prior plan on the termination date of the plan, and;
- You become effective with Humana on the same day as the employer plan.

To ensure that prior carrier deductible credit is properly applied to claims filed with Humana, please complete this form and include an explanation of benefits/claim receipt or coverage report from your prior carrier.
